Daugherty easily won a second term by defeating Wayne J. Rose, 1513 Lincoln Ave., a Republican, by over 400 votes. This was the second time that Rose has lost to Daugherty, having been defeated two years ago. The vote was:

Daugherty	1,407

Woomer, Heasley And Brown Win

Trio Takes 7-Way Race For Posts On Board Of Education

A former member and two newcomers were elected to the three seats in the East Liverpool Board of Education in Tuesday's balloting, winning a seven-way race for the non-partisan posts that pay \$36 annually.

According to complete but unofficial returns from the 34 city precincts and nine in adjacent Liverpool and St. Clair Townships, William C. Heasley, John R. Woomer and Samuel W. Brown, led the field in that order for the four-year terms. The others were Richard Smith, Joseph G. Reed, William Blair Jr. and Harry L. Simpson.

Heasley, 46, of Ohio Ave. is an agent for the Prudential Life Insurance Co., chairman of the Municipal Traffic Safety Committee and is former safety-service director.

Woomer, 31, of Homewood Ave., is a building contractor and in the Naval Reserve, and Brown, 52, of Lisbon St., is city postmaster who served on the board from 1956-61 and narrowly lost a bid for re-election.

They will succeed three veteran members, C. Walter Ashbaugh, James Lowe and James Moss, who did not seek re-election. Holdover members of the

Democrats Take Council Control, Winning 2 Seats

Democrats will have a 5-2 voting edge in City Council when the new biennium begins Jan. 1—contrasted with the present 4-3 Republican control—but two of the seven races in Tuesday's general election were so close that recounts may be sought.

Democrats captured one additional ward councilman's seat and one more at-large membership's chair in a race that was considered an upset for the party in a normally Republican community.

Counting the presiding officer's post, five Council posts will change hands at the beginning of the new year. The net change of five results from the defeat of incumbents in the primaries in May, plus the fact some of the councilmen ran for posts other than those they now are occupying.

In the closest race, Donald E. Smith of Gardendale Ave., Democrat, apparently won by a one-vote margin over S. James Welch, the Republican incumbent, in the Third Ward. The vote showed:

Smith	470
Welch	469

George E. Willshaw, Republican and now a councilman-at-large, won by only 21 votes over Arch H. Smith of McKinnon Ave., the Democratic nominee, for the Council president seat formerly held by Charles N. Edwards, Democrat. The unofficial totals showed:

Willshaw	2,889
Smith	2,868

Democrats picked up both of the at-large seats that were left open by Willshaw and Frank Duffy, Willshaw and Frank Duffy, a Republican, was returned with a comfortable margin.

Democrats elected Norman R. Bucher of Bradshaw Ave. and Donald S. Hancock of Pennsylvania Ave., who defeated James V. Flasco of Idaho Ave., also a Democrat, and A. Stanley Welch, the Republican incumbent.

Levy Wins First Time In Poll Test

Initiative Action To Repeal Measure Beaten Decisively

East Liverpool voted by a decisive 666-vote margin Tuesday to retain the city income tax that already has provided \$253,190 in 1963 to help finance municipal government services.

Facing its fifth test in six years, the tax issue carried in three of the city's four wards. It lost only in East End—the First Ward—where opposition centered in the four previous defeats.

The final count showed:

For The Tax	3,337
Against Tax	2,671

The vote was on an initiative ordinance proposed by Trades and Labor Council, perennial foe of the issue, to repeal a tax of eight-tenths of one per cent enacted by Council in the spring of 1962.

The First Ward favored repeal of the tax, but by a comparatively narrow margin. East End cast 710 votes against the tax and 687 in favor.

The issue was given its strongest support in the Second Ward, where 1,274 voted for retention and 810 were opposed.

In the Third Ward, 535 voted to retain the tax and 491 were opposed. The Fourth Ward showed 841 in favor of the tax, with 660 opposed.

In its last previous test at the 1961 general election, the issue was defeated by 135 votes. Two years ago, 3,163 were in favor of the tax, but 3,298 were opposed.

The revenue measure had been a burning political issue in East Liverpool ever since 1958, when it was inaugurated under the administration of former Mayor Fred P. Lawrence.

In the bitter campaigns that followed in every year except 1962, many political offices changed hands on the basis of the tax issue. It was credited with a "clean sweep" of municipal offices.

2 Incumbents On Board Win At Wellsville

Two of the three incumbents were returned and a housewife won the third seat on the Wellsville Board of Education, according to complete but unofficial returns of Tuesday's election. There was a six-way race.

Wellsville Renews 2 Levies For School

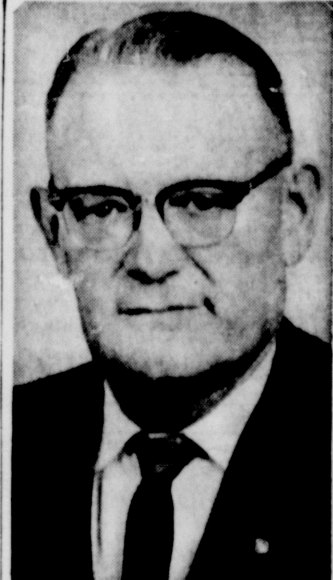

Two school levies up for renewal at Wellsville passed by wide margins, according to the complete but unofficial returns of Tuesday's general election.

The levies total 11.5 mills. One is a 6.1-mill levy for eight years and the other is 5.4 mill for nine years, a combination of 2.6 mills and 2.8 mills which were due to expire this year. The 6.1 mill levy was to expire next year. The vote was: 6.1 mills, for, 1,476, and against, 803, and 5.4 mills, for, 1,437, and against, 825.

Earl A. Bake, 419 15th St., veteran member of the board, won a sixth consecutive four-year term, leading all the other contenders. He is a retired insurance agent.

Richard R. Grills, 504 Aten Ave., won his first full term. He is the art director of the W. C. Bunting Co. and had been filling an unexpired term on the board.

The newcomer is Mrs. Margaret J. Lloyd, 335 1st St., a

Extra Cent Tax On Pack Of Cigarettes Slated To Continue

COLUMBUS, Ohio (AP) — That extra penny tax, required for 92 months now on every pack of cigarettes sold in Ohio, is going to continue.

State Bond Issue

Favored In County

Columbiana County voters, considering that two park projects in this area would benefit, looked favorably upon the State Bond Issue in Tuesday's election. It passed in the county by a margin of 4,807, according to complete but unofficial returns from the 165 precincts. The vote was 15,617 for and 10,810 against.

The Columbiana County Forest and Parks Council pointed out that proceeds will help develop the proposed Highlandtown Lake and Park near Wellsville and the expansion of the Beaver Creek State Park at Williamsport. State Issue No. 1 would continue the penny-a-pack tax on cigarettes.

Election Day in approving the \$250 million bond issue which the cigarette tax is calculated to pay off.

The complete, but unofficial count showed 1,396,147 "yes" votes to 917,075 "no" votes. The possibility exists, of course, that someone will challenge it in the courts.

The extra penny, bringing the tax total to three cents a pack, originally went into effect March 5, 1956, to repay a \$150 million bond issue for capital improvements approved by voters in 1955.

Steubenville Mayor Post Won By Targoss

STEUBENVILLE — John W. Targoss (D) upset Mayor Andrew W. Miller (R) by 1,418 votes in the city's election Tuesday, according to complete but unofficial returns. The vote in the mayoralty race was: Targoss, 7,074, and Miller, 5,656.

man Frank P. Duffy, Democrat, in a closely fought mayoralty race in Tuesday's general election.

Complete but unofficial returns from the city's 34 precincts showed:

Hall	3,070
Duffy	2,970

Becoming East Liverpool's first GOP mayor since the 1958-59 biennium, Hall will succeed Mayor Bert H. Goodballet, who has served two consecutive terms, losing to Duffy in the Democratic primaries in May.

The income tax issue that had proved political dynamite for the Democratic candidate in the past finally fizzled out yesterday.

He won election to Council two years ago almost solely on the tax issue and his uncompromising stand against the levy was credited with playing a major part in his defeat of Mayor Goodballet in May.

When entering the primary, Hall promised that he would resign from his school post in time to take over the mayor's office on a full-time basis. He also is high school athletic director. Hall has been a teacher for 35 years.

Duffy, a veteran employee of the Harker China Co., is a past president of Trades and Labor Council.

Carries 3 Of 4 Wards

Despite his loss, Duffy carried three of the city's four wards. Hall carried only one—the big Second Ward—and by a margin of almost 500 that wiped out Duffy's lead in the other three.

The Republican Second Ward gave Hall 1,285 to Duffy's 789.

Ban Ends On Outdoor Fires In Rural Areas

A total ban on kindling of fires in the fire protection areas of Columbiana County was lifted today by state authorities, Robert McIntosh of Scio, area warden, announced.

Recent rains and cooler weather have alleviated the drought conditions which left rural areas facing serious fire threats. The fire tower at West Point today said there have been no brush fires for over a week.

Permits still are required for outdoor fires, McIntosh reminded residents. They may be obtained from township fire wardens.

Foundation For The Future

A firm foundation for East Liverpool's future was laid with Tuesday's approval of the city income tax.

We can look ahead with renewed confidence because a majority of the voters were clear-minded and far-sighted enough to realize that progress goes hand in hand with adequate operating expenses.

Not just the vital economic support provided by the tax revenue, but the apparent understanding of the average man and woman of the need for a sound fiscal policy for good government was evidenced in the vote results.

The city's street program, various municipal services, preparations for the "master plan" and many other facets of progressive community development have been given a new lease on life with the retention of the tax.

The drive for more industry, for general economic and civic betterment have received a much-needed shot in the arm. The future would have been bleak indeed had the tax been tossed out. Now, how-

ever, more accomplishments can be added to the growing list of things which have been made possible already by the money provided under the levy.

Now that the people have seen fit to support the tax by their vote the burden for using the money wisely falls squarely on the shoulders of the new administration.

Under the leadership of Merrill Hall, who will become mayor in January, and the new City Council there is good reason to believe that the money will be invested to the best interests of all.

It also is a continuing responsibility of all the people to assist the administration and community leaders and planners in striving for additional achievements.

Democrats and Republicans alike should join forces for a better East Liverpool. Politics has no place in our battle to move forward.

Retention of the tax has placed us in the rightful category of a community facing up to its problems. A united front will help quicken the pace of progress.

First Punishment, Then Reward

Nerves are jangled by repeated incidents on the Allied convoy route into Berlin. But among those taking a sanguine view of the incidents, two thoughts are foremost.

First, the United States is trying as hard to assert itself in the incidents as the Communists always referred to as Russians but who may very well be East Germans too.

The issue is whether the United States will have something to say about convoy regulations, or whether all authority will remain with the Communists, where it has been before. It is a skirmish to determine who shall hold the upper hand.

THE DANGER is that in the skirmish someone might lose his poise and fire a shot that would lead to retaliation. The security against this danger lies wholly in the probability the Communists won't

want to retaliate because what they are doing is part of a standard procedure.

Eventually, they can use their record of harassment as bargaining bait for some concession they want. It is the technique of creating a nuisance in order to win a favor for putting a stop to it. Communists have been good at this.

THEIR SKILL at this kind of international racketeering has turned the world against them.

A former president of the United States once characterized Communists as people who try every door in a hotel corridor on the off-chance of finding a few doors unlocked.

For a price—their price—they will promise to try no more doors until everybody has forgotten the last scare and grown careless.

Joshua And His Teamsters

James R. Hoffa now is reported to be within reaching distance of one of his two goals—nationwide bargaining for the International Brotherhood of Teamsters.

A referendum in 500 local unions has disclosed strong support for the idea. The opposition of a few strong locals in New York and San Francisco is not considered consequential.

The Teamster president's other goal is a federation of all transport workers—railroaders, truckers, aviation workers, sailors and all divisions of freight and cargo handlers. That goal is still a considerable distance away, though not nearly so far away as a nationwide contract seemed to be only a few years ago.

A **CURIOUS** situation now confronts the government of the United States and its people, including those who are organized in unions. Everybody would be under the guns of the kind of power James R. Hoffa is gathering into his hands.

If he is successful and uses the power eventually to paralyze commerce moving across state lines, as well as local truck-

ing operations, he will have acted in restraint of trade more damagingly than any trust or corporation ever dared to try.

Yet, nothing can be done to stop him before it happens. No machinery exists to regularize nationwide bargaining in the trucking industry, as it does in the railroad industry.

A **SHOWDOWN** would pit the government against the Teamsters and against Hoffa. But despite the fact everybody believes this is what the Teamster president intends to bring about and that it would require the government to keep him from doing it, nothing can be done.

Mr. Hoffa and his union are immune to laws that would keep corporations, companies and other private individuals from doing the same thing.

It is indeed a curious situation—and it gets more curious as Mr. Hoffa moves ever closer to his goal of being able to stop everything that moves—the unionist Joshua who someday may command the nation to stand still.

Save The Swamp!

I want it understood that New Jersey's Great Swamp means nothing to me. I have no personal feeling about it.

I do have a personal feeling about people who live in it and others who hold it in high regard, though living elsewhere. They are fighting—at least many of them seem to be fighting—to keep the Great Swamp from being made into a super-airport for New York.

They appear to be winning the fight. For once, the bulldozer faction is being set back on its collective haunches.

I approve of this. I think we need to get up in arms about the idea that mechanical monsters and their operators have some God-given right to go wherever they want to go.

Neither they nor automobiles are entitled to go where people do not want them to be. The same goes for airplanes, shopping centers and anything else that infringes on the rights of human beings to live their lives on their own terms.

The fetish of making way for progress and being willing to pay the price thereof has been carried too far.

PEOPLE LIVING in Morris County, New Jersey, where the Great Swamp is, have a better right to say what should be done there than some remote and spurious authority clogged in the trappings of metropolitan power.

New York City needs another super-airport—granted.

The Great Swamp in New Jersey is close, only 25 miles away.

It would be convenient for the city to have another airport in close proximity. It would be convenient for the airlines and other interests.

But if it would be inconvenient for the inhabitants of Morris County, that settles it. They come first.

There should be no muttering about eminent domain, either.

Eminent domain must be reserved for things that add to the welfare and pleasure of all, not that serve the convenience and profit of a few.

If eminent domain gives earth movers, motor vehicles and planes the status of sacred cows in India, the people will make short shrift of it. Its purpose is to pro-

tect them, not to protect jut-jawed minorities seeking a license to ride roughshod over human rights.

NEW JERSEY'S Great Swamp is a refuge for wild life.

It is one of the last places in the neighborhood of New York City where beauty hasn't been crunched out by dynamiters, excavators, pile drivers, tower builders, exploiters, thugs, quick-dollar boys, picketers, street rioters, mounted cops, muggers, chislers and political racketeers.

Let us, then, all cheer for the last-ditch fight to preserve it. If we don't win a few of these fights pretty soon, there will be nothing left to fight for.

Wink Of The Eye

The wink of an eye nowadays buys anything from a 70-pound pony to a 70-story skyscraper.

Auctions, one of the earliest and most exciting forms of shopping, are flourishing as never before, the National Geographic Society reports. Few can resist the auctioneer's chant and challenge to bid.

Informal country auctions may be the most fun, but large, established auction houses dispose of the United States' entire billion-dollar-a-year tobacco crop as well as livestock, vegetables, fruit, furniture, jewelry and art objects.

Auction houses sell virtually everything: yard goods and canned goods, homes, hockey sticks, fishing poles, fork-lift trucks, sleeping bags, screwdrivers and 60-foot sailboats. New Yorkers often bid on fully-equipped Chinese restaurants, pizzerias and bakeries.

Police auctions feature abandoned cars and confiscated whisky. The post office auctions off half a million unclaimed and damaged packages every year.

Key West, the popular winter resort at Florida's tip, owes its success to the depression. In the 1930s, some 12,000 residents were on relief. To restore prosperity, the city dressed itself up as a tropical resort by cleaning the beaches and redecorating its West Indies-style wooden houses.

The Breath-Holding Is Wearing Thin

FBI Keeps Watch On Red Agents

By Victor Riesel

Soviet espionage agents always "clean themselves" for several hours before making actual contacts with their secret informers. No ablutions are involved. The phrase "cleaning oneself" is spy talk for attempting to make certain that no counterintelligence forces have

the actual passage of documents, blueprints or other secret information under surveillance.

A typical "cleaning" maneuver of the Russians is to drive swiftly into a one way street, turn around and then drive slowly back into it to trap any car that may be following them. Or, if on foot, the agent jumps from a bus to a taxi to a subway on his way to a "meet."

The Soviet spies picked up the other day at the Englewood, N. J. railroad station parking lot were no exception. They "cleaned themselves" for two hours. They drove back and forth past their contact. They made no sign of recognition. They gave no secret signal. They scrutinized every passer-by.

But they never did have a chance. Now it can be revealed that 90 FBI men in six "surveillance positions" covered them literally every inch of the way.

THE SOVIET agents, driving a 1955 green Ford which had no diplomatic plates, were under the command of Gleb A. Pavlov, attaché of the Soviet Union's Mission to the United Nations. To make the actual pickup of secret data on the electric control system of the Air Forces' Strategic Air Command, Pavlov picked a site typical of other such Communist ventures in the United States—a dimly lit suburban railroad station.

The parking lot appeared to Pavlov to be completely deserted. One of his men, Yuri A. Romashin, the Soviet embassy's third secretary, had patrolled the area for over an hour as lookout man.

The moment was finally set for the big pickup. The document case was taken from the

American contact and put in the back of the Russian car. Then the FBI men dropped their disguises and came out of their "stake outs."

What Pavlov did not know is that he had been followed similarly on other "meets."

It had been his practice to get a hotel or motel room to photograph the secret electronic documents with a special camera. If he could not get a lodging, he would use the car as a photo lab to copy documents regarding the industrial potential of the U.S.

J. EDGAR HOOVER'S men are accustomed to the Soviets' use of these suburban depots. Some time ago, Vladimir D. Loginov, a Soviet employee of the United Nations using the parking lot of a darkened Scarsdale, N.Y. railroad station at 10 p.m. to make a "meet" with someone who was giving him a forbidden aerial map of New York City.

Months later this same Scarsdale parking lot was utilized again by a Soviet agent to obtain similar restricted air shots of Chicago.

This time the Russian operative was Kirill S. Doronkin, another Soviet citizen employed by the U.N. In this operation Doronkin asked his man to get aerial photos of Portland, Ore., Seattle, San Diego and San Francisco. But the FBI nabbed him first.

Each time the Russian agents thought they had "cleaned themselves." But they just were not antiseptic enough.

FBI men have showed just as much skill in countering Soviet spies operating across our borders. Some time ago Nikolai I. Trofimov, a Soviet official in Mexico, began negotiating with a resident of the West Coast of the United States to get aerial photographs of 45 major U. S.

cities. At least 19 of these cities are near Strategic Air Command bases.

The other municipalities are strategic cities near air bases, naval bases, research or training stations, atomic energy installations or vital industrial concentrations. The FBI, using its saturation technique, stopped that operation before the Russian could get even a picture post card of Las Vegas.

FBI MEN have broken up far more massive Soviet efforts to loot our industrialism and map our cities for sabotage and possible A-bombing.

It was not long ago that Milos Prochazka, a Czechoslovakian in the commercial headquarters of the Czech embassy in Washington, gave an American citizen the specifications for the components of two big steel mills.

The Communist operative wanted the mills purchased in the United States for the Prague government.

Prochazka outlined his strategy. He wanted the American to act as an exclusive agent for the purchasing of the mills, ostensibly for a private concern in a Western European nation. The American was to obtain estimates of the huge cost.

The Czechs then were to furnish the American the name of the purchasing company being used as a front. There would also be a power of attorney and the necessary bank credit.

Once the mills were bought, they would be shipped to the camouflaged Czech agent in the Western country—and then transhipped to Czechoslovakia.

But here, too, Mr. Prochazka could not "clean" himself enough to get out from under the FBI. The Communist war machine never got the steel mills.

But they keep trying. And the FBI keeps countering.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—Five cases of scarlet fever were reported in East End and health authorities ordered a quarantine to guard against an epidemic. Mrs. E. C. Caughey, retiring president of the Chester Women's Christian Temperance

Union, was succeeded by Mrs. W. T. Parsons.

TWENTY YEARS AGO—The East Liverpool High School was continued on the list of "first-grade" systems by the state Department of Education.

A. G. Floyd, a merchant, was named commander of the newly formed Chester American Legion post.

A Young People's Society of the First Church of God on W. 9th St. was organized, with Miss Dorothy Cline as president.

TEN YEARS AGO—Dr. and Mrs. E. G. Kuhlman of W. 5th St. concluded a month's vacation at Coral Gables, Fla.

Letter To Editor

EDITOR OF THE REVIEW:

For about the past four years I have tried to get Shady-side Ave. and the brim along it repaired.

The rain and bad weather has washed the driveway and the wall behind the house out several times. My wife has called the street department all that time and it didn't do any good so I invested in two sacks of cement and a day's work and repaired it in front of my own home myself.

FCC's Super Role

By David Lawrence

Commission Intervenes In Campaign

The Federal Communications Commission is supposed to be a quasi-judicial and independent agency of the government but

it has just intervened in a Kentucky election—unwittingly perhaps—to help the Democratic party in its effort to win a gubernatorial election there. It

David Lawrence also has undertaken to immunize President Kennedy from criticism for a statement which he made at his Sept. 12 news conference and which has been the subject of much controversy in political circles.

The commission need not have appraised at all the merits of what Mr. Kennedy said at his news conference. It simply could have told the inquiring broadcasting stations in Kentucky that they were not obliged to carry a statement issued by the Republican party there because no use of facilities by the gubernatorial candidates was involved. The commission, however, went further and described the Republican statement as a "distortion of the facts."

This, of course, was in itself not a comprehensive discussion of the differing interpretations which grew out of the President's ambiguous utterance at his news conference.

A **REPORTER**, in commenting on current politics and on the Negro vote, asked the President this question:

"Apparently a lot of Negroes support you—that is, the latest poll showed that 95 per cent probably would vote for you next year. Now, in your opinion, Mr. President, does this political self segregation on the part of the Negroes, combined with continued demonstrations in the North pose any problems for you as far as the electoral vote in the North is concerned next year?"

The President: "I understand what you mean, that there is a division in the party, in the country, upon racial grounds. I would doubt that. I think the American people have been through too much to make that fatal mistake. It's true that a majority of the Negroes have been Democrats, but that has been true since Franklin Roosevelt. Before that a majority of them were Republican. The Republican party, I'm confident, could get the support of the Negroes but I think they have to recognize the very difficult problems the Negroes face."

"So in answer to your question, I don't know what 1964 is going to bring. I think a division upon racial lines would be unfortunate, class lines, sectional lines. In fact, Theodore Roosevelt said all this once very well way back."

"So I would say that over the long run we are going to have a mix. This will be true racially, socially, ethnically, geo-

graphically and that is really, received a statement on a tape finally, the best way."

NOW, A NUMBER of Kentucky broadcasting stations had recording from an agency representing Republican nominees in the Kentucky campaign and a voice, presumably that of the President, spoke the last paragraph of the foregoing quotation about the "mix."

The Kentucky Broadcasters Association had asked for an opinion from the Federal Communications Commission in a telegram. The formal answer given by the chairman, E. William Henry was that the Republican announcement, as submitted to the broadcasting stations, was "an apparent distortion of the facts concerning the President's press conference," and hence the "policy" set forth in a previous ruling of the commission was applicable.

This "policy" held that "no discussion of the issues involved in any controversy can be fair or in the public interest where such discussion must take place in a climate of false or misleading information concerning the basic facts of the controversy."

Who is to decide on the "climate" and to determine what is "false or misleading"? Where in the Constitution is it provided that any government agency may censor the writings or utterances of anybody during a political campaign or at any other time?

The FCC hitherto has refused to pass judgment in advance, as this would be contrary to the "no censorship" provision of existing law.

All the commission really had to do in this case was to tell the inquiring stations that they were not obligated to carry the Republican announcement since "there is no personal use of station facilities by a candidate involved."

BY INTERPRETING, however, a statement which has been regarded by many listeners as not clear in itself, the FCC is put in the position of aiding one political party as against another.

Many people have remained puzzled as to what the President meant by the following two sentences: "So I would say that over the long run, we are going to have a mix. This will be true racially, socially, ethnically, geographically and that is really, finally, the best way."

It's the president's responsibility to the public, however, to clarify his own statements. That's why it causes surprise to see an official and formal ruling by a quasi-judicial agency of the government telling the citizens what a President's words mean and, above all, that they are political words and are not to be construed as having any implications of a "mix" on the social or ethnical side.

Yet the latter concept is what the ardent advocates of "civil rights" claim will, in the long run, inevitably be applied.

Three Incumbent Councilmen Lose Cleveland Races

CLEVELAND (AP) — Three incumbent Cleveland councilmen suffered defeats in Tuesday's election. Nine other incumbents had smooth sailing in their re-election bids.

Incumbents who lost were Democrats James W. Dempsey, Lowell A. Henry and James A. Williams, all supporters of Council President Jack P. Russell. With the addition of seven pro-Russell councilmen who won their race in the Oct. 1 primary, Russell definitely will remain in control.

In 12 of the city's 33 wards, councilmen were elected in the primary and appeared unopposed on Tuesday's ballots. Voters chose representatives in 21 wards.

For the first time in Cleveland's history, the mayor—Democrat Ralph S. Locher—ran unopposed.

Ohio

(Continued from Page 1)

1955 bonds can be paid off by 1968, and both the \$150 million bond issue and the \$250 million issue just approved could be paid by 1967.

It was a typical "off-year" election.

The bond issue was the only statewide question, and the total vote was only slightly more than 2 million, far fewer than

the almost 6.8 million Ohioans eligible.

A simple majority was required to approve the bond issue. The legislature put it on the ballot in the form of a constitutional amendment because Ohio's constitution sets a debt limit unless voted otherwise by the people—as was the case Tuesday.

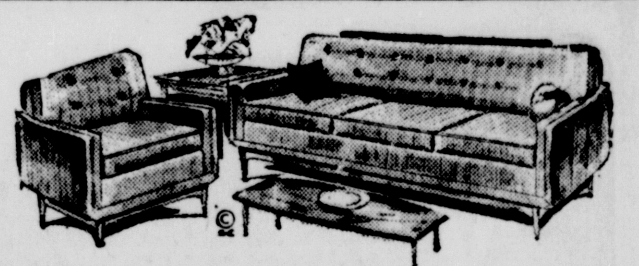

The amendment limits the amount of bonds that can be sold in any one year to \$100 million and requires all be sold by Dec. 31, 1972. The schedule calls for five annual issues of \$50 million each.

Maturity dates cannot exceed 30 years.

Funds are to be allocated this

way—\$175 million for buildings and sites (but not dormitories) for state-supported or assisted universities, including branches, community colleges and municipal campuses; \$35 million for new classrooms in distressed areas where the tax duplicate will not stand further debt; \$25 million for water impoundment sites, parks and recreation areas and other conservation efforts, and \$15 million for state offices and institutions.

Gov. James A. Rhodes, who plugged hard for passage of the issue, is on an out-of-state trip, but he sent word that he feels "Ohio voters have given our state a tremendous boost toward the top."

Council Acts To Buy Radio At Wellsville

Wellsville Council Tuesday night lacked a quorum but the five members present started legislation to buy radio sets for the police and fire departments. Both departments went off the air Thursday midnight when their FCC licenses expired for operation of present radio equipment but the federal agency meanwhile granted a six-month extension until new equipment is acquired. The old sets operate on a frequency now barred by the FCC. However, they will continue to operate until the new sets are provided. Previous bids were rejected and the Board of Control has readvertised. Council gave first reading — for lack of enough members to pass the ordinance under suspension of the rules — to amend the parking meter appropriation to provide \$3,000 for the radio equipment and another ordinance for purchase of the sets when bids are accepted. Two

more readings will be required. Another ordinance given first reading appropriates \$640 for the city's share of land on Danbury Ave. near the flood wall for pondage area. The federal government will pay the remaining 90 per cent. The tract has been used for this purpose for sometime and Council action formalizes city ownership. A petition from a group of residents on Broadway between 7th and 8th Sts., for a street light in Clover Alley, was turned over to the finance committee to determine if funds are available. The chairman is Don Miller, who was absent. Council granted the request of Perry Daniels to break curb on his property at 4th and Commerce Sts. to construct a driveway with Safety-Service Director Fred Baldasare to supervise the work. The request was read by Mrs. Margaret Baldwin, clerk. Council agreed to Councilman Frank DeLongo's suggestion that thanks be expressed to the State Highway Department and county commissioners for recent street resurfacing. DeLongo asked Solicitor William Bush if anything had been done on the proposed improvement of the creek bottom at Wells Ave., where boating facilities are being installed now that the creek level at the bridge has been raised by the new Stratton Dam. Bush said the proposal is being investigated. The session was brief with William Stroble, DeLongo, Allen Baldwin, Dwight MacLean and Mrs. Kay Drago present. Miller and Robert Taggart were absent. Baldwin presided for the opening of the session then turned it over to Mrs. Mary Rahter, president, when she arrived. The Rev. Richard Maurer of the Central Methodist Church gave opening prayer.

Akron Votes Against Repeal Of Income Tax

AKRON, Ohio (AP) — Akron voters approved a 3-mill reduction in real estate taxes Tuesday but voted down a proposal to repeal the city's 1 per cent income tax at the end of this year. The real estate tax reduction, which had been backed by Evan J. Reed, Republican candidate for mayor, was approved 40,502 to 38,965, an unofficial count showed. However, Reed went down to defeat, losing to incumbent Mayor Edward O. Erickson, a Democrat, 47,176 to 35,962. Thus, in effect, Erickson is saddled with the program of his defeated opponent. The cut in the operating levy becomes effective in 1965.

Leetonia Vote Gives 2 GOP Council Seats

LEETONIA — Republicans Homer Kridler and Dale McCormick won the two Council posts in Tuesday's general election, according to complete but unofficial returns. Weirton Student Ill At Home But Attends School

WEIRTON — Whenever the teacher conducts roll call at the eighth grade of Weir Junior High School, Ronnie Shaw answers and is counted present although he actually is sitting at home. Ronnie, 12, a polio victim, is a homebound student but attends school via an "Executive School-to-Home" telephone system instituted in the Hancock County school system. The youngster's classroom is simply an electronic intercommunication unit especially designed for use with telephone lines between home and school. Resting in his wheelchair at home, Ronnie enjoys the best seat in the class. He can hear everything his teacher says, participates in class discussions and when called upon presses a switch and answers a question. When the "talk" switch is pressed, Ronnie's voice is carried over private telephone lines linked to an amplifier in the classroom. "He enjoys it very much and is making A's and B's," his parents, Mr. and Mrs. Alexander Shaw, report. Ronnie "attends" classes every afternoon from 1 to 4, participating in five different subjects. Mrs. Albert Logston, county school nurse, was instrumental in obtaining the service for the youngster. She worked through Dr. Roger P. Elser of Charleston, director of special education in the State Department of Education, and Mrs. Mary Black of Charleston, director of school service. The Chesapeake & Potomac Telephone Co. co-operated in the project also, and approval was given by the County Board of Education.

6 Of Circus Troupe Injured In Practice

SARASOTA, Fla. (AP) — A wire snapped beneath the Great Wallendas circus troupe Tuesday as it practiced "the seven," a human pyramid. Six were injured, none seriously. Karl Wallenda, 57, leader of the troupe, said the wire, which was stretched between two trees at winter quarters, was only 12 feet off the ground. "All we know is there was a big crash," he said. "Something gave. If we had been high, at least two would have been killed." It was the first time the Wallendas had tried "the seven" since the pyramid came apart high above the concrete floor of the Detroit Coliseum in January 1962. Two were killed and one was injured so badly he will never walk again.

Income Tax Will Continue

(Continued from Page 1)

Principal offices by Democrats in the 1959 municipal election.

In November 1958, voters turned down the first tax, with 3,475 in favor and 5,375 against. In 1959, the issue got 3,036 affirmative votes and 4,206 negative. In 1960, 3,233 voters favored the issue, but 5,274 were opposed.

The 1960 vote was an initiative petition proposed by a citizens' committee which favored enactment of the tax.

The current rate amounts to 80 cents on each \$100 of income or other earnings, including the fees of professional men and the profits of business and industry.

Proposed Last Fall

The issue voted upon yesterday was proposed by Trades Council in the fall of 1962, but not finally granted a ballot place until last May because of a long - drawn - out court fight.

Because of the court fight, 1962 was the only year since 1958 that the city had not voted on the issue.

The city questioned the validity of the Trades Council petitions, but lost a decision in Common Pleas Court at Lisbon and was rejected again when it carried the case to the 7th District Court of Appeals.

The appellate court's decision,

issued early in May, set the stage for the vote yesterday.

Had Produced \$253,190

In the latest report on the tax revenue, filed as of Oct. 31, Auditor Lawrence C. Applegate reported it brought in \$253,190 for the first 10 months of the year.

The principal campaign in favor of the tax was waged by a four - man committee that began by selling lapel buttons and bumper placards with the cryptic letters "BOP." Proceeds from the sale of the buttons and placards were used to finance an advertising campaign.

H. James Allison, an officer of the First Federal Savings & Loan Association, headed the BOP Committee.

funds and 3 mills for teacher salaries, officials said.

George VanHorne, executive head, expressed disappointment over the loss of the levy, and said the financial situation of the district poses a serious problem for the board.

He had urged approval of the measure because of decreases in state foundation money in recent years and due to the need for higher teacher salaries to make the pay schedule competitive with other districts.

The breakdown on the levy vote in the various polling places follows:

West Point, For 62, Against 114; Elkton, For 35, Against 105; Signal, For 46, Against 94; Rogers, For 43, Against 109; Negley, For 8, Against 18; Pancake's, For 22, Against 61; Clarkson, For 25, Against 54.

Mayor

(Continued from Page 1)

In his home ward, the First, Duffy scored 856 to the 552 given Hall. The Third Ward cast 523 for Duffy and 513 for Hall, a difference of only 10. In the Fourth Ward, Duffy led by 80. He won 800 votes to Hall's 720.

Except for their positions on the income tax issue, the Democratic and Republican candidates ran on similar platforms.

Duffy continued his stand of "no income tax without a vote of the people."

Hall did not embrace the issue wholeheartedly. He said he knew the revenue was necessary for the city's operation, but on the other hand he said he thought the issue should be settled in the final analysis by a vote of the people.

Some Planks Similar

The rest of the planks in the two platforms were similar, stressing municipal economy and periodic reports on finances, a move to seek new industry and a promise of improved recreation and support of a "master plan."

Here are precinct totals on the mayor's race:

First Ward: A, Duffy, 119, Hall 91; B, Duffy, 127, Hall, 121; C, Duffy, 98, Hall, 38; D, Duffy, 154, Hall, 76; E, Duffy, 140, Hall, 70; F, Duffy, 76, Hall, 31; G, Duffy, 92, Hall, 92; and H, Duffy, 50, Hall, 33.

Mrs. Freeman Strabley of Salineville, incumbent Columbiana County Board of Education member, and Don Rupert of New Waterford won a three-way contest for two board posts Tuesday, according to complete but unofficial returns.

The TB levy, in effect for 17 years, will produce \$94,000 annually with 100 per cent collection. The 55-hundredths mill child welfare levy is designed to produce \$129,250 per year. The extra levy sought an additional \$58,750.

By ANNE ASHLEY

Q. Is there any way I can make my own fingernail polish remover?

A. Yes. Ask your druggist for two ounces of acetone, and you'll have a supply of polish remover that will last a couple of months, and at a fraction of the usual cost.

Q. How can I rejuvenate wilted leaf vegetables, such as lettuce, spinach, and parsley?

A. By soaking in cold water to which a slice of lemon has been added. In an hour or so, they will be as fresh as when gathered.

Rhodes said the purpose of his visit to Detroit is "to thank officials of various automotive companies for their tremendous contribution to Ohio's economy."

The governor pointed out that Ohio's automotive employment is second only to that of Michigan and said earnings of nearly 97,000 Ohioans in the field totals about \$1.2 billion yearly.

Aid Vote Shows It Has Enemies Besides Friends

WASHINGTON (AP)—The Senate has demonstrated that President Kennedy's foreign aid program has an almost equal number of enemies and friends in both political parties.

By a see-saw 43-40 vote the Senate turned back Tuesday a challenge by Sen. Allen J. Ellender, D-La., against a bipartisan compromise worked out last week by Democratic Leader Mike Mansfield and Republican Leader Everett M. Dirksen.

Sensing the hostility against the program, Mansfield and

Dirksen proposed to cut an authorization bill from the \$4.2-billion ceiling approved by the Senate Foreign Relations Committee to \$3.8 billion. Ellender asked for an additional \$75-million reduction.

If there hadn't been some fast footwork by the leaders Ellender would have won.

To Test Appeal In GOP Primary

Ohio Secretary Of State To Run For U.S. Senate

COLUMBUS, Ohio (AP)—Ohio Secretary of State Ted W. Brown, one of the best Buckeye vote-getters ever, will test his appeal in the Republican primary for U. S. Senate candidacy next May.

Brown sprung odd timing in throwing his hat in the ring on the very date Ohio's news media were crammed with news of the general elections — which Brown oversees as secretary of state.

And he sprung a surprise in the bargain. Rumors of the past couple of days had Brown seeking national office — but they centered on the congressman-at-large race.

Instead, the veteran campaigner became the first to announce he will seek the Senate seat now occupied by Sen. Stephen M. Young, a Democrat. Brown put his petitions in the mail on Election Day, and in an accompanying letter explained what he indicates would be his prime mission in Washington.

"... To analyze the tendencies, if not the designed efforts, to further encroach upon many avenues of state and local functions and their taxation fields, and to effectively repel such trends."

Speculation has had it that U.S. Rep. Robert Taft Jr., the present Ohio congressman — at-large and son of the late U. S. senator, may seek the Republican senatorial nomination. This possibility figured in the belief that Brown's announcement — promised today but advanced to Tuesday night — would be as an aspirant for Taft's job.

Others mentioned frequently as possible GOP Senate hope-

fuls are John W. Bricker, former governor and U. S. Senator, and John Marshall Briley, who lost to U. S. Sen. Frank J. Lausche in the 1962 election.

On the Democratic side, Young is expected to announce later this month whether he will stand for re-election. Reports from Washington have had the White House trying to get Lt. Col. John H. Glenn Jr., the Ohio astronaut, into the race in Young's stead.

U.S. Reviews Its Policies In Viet Nam

WASHINGTON (AP) — The United States is reviewing its policies in South Viet Nam — including its military and aid programs — in preparation for backing Saigon's new military regime.

U.S. officials today described the review as normal procedure before resumption of diplomatic relations with a new government.

The U.S. aid program in South Viet Nam which has been running at the rate of more than \$500 million a year is being given a sharp review. The general feeling here is that if the new provisional government cooperates as it is hoped it will, there will be many opportu-

ties for more efficient use of the funds.

There is not much hope though for any sharp reductions as long as the Communist threat remains.

One of the reviews dealt with the military strategy in the fight against the Communist Viet Cong.

President Ngo Dinh Diem, who died in the military coup, had been convinced the Communist forces would attempt to cut South Viet Nam in half by a strike across the country north of Saigon.

Consequently, Diem ordered priority given to the construction of strategic hamlets, the fortified villages, in the north. American military advisers had strongly urged Diem to concentrate the strategic hamlets in the southern delta region where two-thirds of all the Communist raids are made.

It is expected that some of the strategic hamlets that can-

not be defended without tying down a large number of troops will be eliminated.

County Turnout Down

City's 6,141 Ballots Exceed Vote Forecast

See-sawing around the forecasts, Columbiana County cast 28,098 votes in the general election Tuesday — almost 2,000 under the anticipated turnout — but East Liverpool showed 6,141 ballots, topping its expected total by more than 1,000.

Frank R. O'Hanlon, veteran clerk of the County Election Board, pointed out that weather was a factor in the turnout, particularly in East Liverpool. The city had been expected to cast about 5,000 votes, but polling got off to an unusually slow start yesterday morning because of rain and chilly temperatures.

THE FORENOON vote was the lowest in at least 12 years, bearing out the forecast of 5,000 votes. But the rain halted in the afternoon and skies brightened somewhat, sending a surge of voters to the polls.

The rush was particularly heavy in the city in the last hour before the polls closed, O'Hanlon said.

In the comparable election two years ago, East Liverpool cast 6,620 votes. Columbiana County's total was 30,223. In 1959, East Liverpool showed 7,624 votes and the county's total turnout was 30,981.

East Liverpool's vote yesterday was the lowest at a municipal election in at least 12 years. Voter registration was another factor. Only 8,746 East Liverpool electors were qualified, a decline of 1,477 in the last year.

THE ELECTION Board finished a "flash" telephone count on the East Liverpool mayoralty and income tax votes at 7:14, just 44 minutes after the polls closed.

Precinct 1-C was first to report on the mayoralty race, phoning its totals at 6:40. Precinct 3-E was the first to report on both the mayoralty race and the tax issue.

At 9:20 p.m., the board reported complete figures from all 165 county precincts on the vote on a \$250 million state bond issue. The figures were given to Secretary of State Ted W. Brown's office in Columbus.

The returns on the first 102

precincts were given Brown at 9. The secretary of state's instructions called for all Ohio boards to report on half their precincts by 9:30, listing the balance of the returns later.

"We finished the job in the time allotted for a 50 per cent report," O'Hanlon pointed out.

COMPLETE RETURNS also were on paper at the same time on three countywide issues, but they were not added until later in order to expedite the report to Columbus.

"All in all, it was a very smooth operation," O'Hanlon said. He praised precinct crews, district collectors and the board's staff for expediting the count. O'Hanlon pointed out the ballots listed the names of 310 candidates, plus 32 special issues.

"It was a very quiet election," O'Hanlon said. "There were no complaints of any consequence throughout the day and no incidents in any precincts."

THE BOARD'S entire tabulating job was finished about midnight. After counting the countywide issues, it received precinct-by-precinct returns from East Liverpool and adjoining townships and figures from six other large communities — Wellsville, Salem, East Palestine, Leetonia, Columbiana, Lisbon and Salineville.

Results on some other special issues and township races also were tabulated.

O'Hanlon pointed out the staff was particularly careful in tabulating the unofficial count on two East Liverpool races that were so close that recounts may result. Entries on abstract sheets were checked against adding machine tapes several times.

The board will meet Thursday morning in its East Liverpool office to begin the official canvass of returns. Last night's count is complete, but unofficial. The official canvass produces the figures certified to the secretary of state.

The official count may be completed by Friday night, O'Hanlon said.

18 Attend Altar And Rosary Society's Meeting In Lisbon

GEORGE T. WILSON

Mayoral Race Comment:

Hall Likes Challenge; Duffy's 'Disappointed'

Merrill D. Hall, veteran high school teacher and former basketball coach who will become East Liverpool's next mayor, said shortly after his victory was confirmed Tuesday night that he will "seek to live up to the vote of confidence given me by the people."

Hall said he was happy with his victory over Councilman Frank P. Duffy, the Democratic nominee, but added:

"I'm happiest because the income tax was retained."

Hall issued a brief victory statement on the sidewalk outside the County Election Board's office soon after a "flash" telephone count of returns was completed at 7:14.

"I think the people for the vote of confidence they placed

in me," Hall added. "I hope to live up to their expectations. And I want to thank my opponent for a nice, clean campaign."

Hall, surrounded by a crowd of well-wishers, left the Election Board's office shortly after his victory was returned. Duffy also visited the board's office briefly, then went to his home in East End.

Duffy, who had congratulated Hall when they happened to meet earlier in the evening at the Election Board while checking results, pointed out he had carried three wards "but lost in the second."

"I have no particular comment," Duffy said at his home. "Naturally, I'm a little bit disappointed."

More Understanding Urged For Parents Of Handicapped

The past president of the Ohio Society for Crippled Children and Adults called for a new outlook by parents of handicapped youngsters in addressing the Rotary Club Tuesday noon at the Travelers Hotel.

It should encompass greater understanding and compassion, Samuel Pollock of Steubenville declared.

"Both home and community suffer when parents of sub-normal youngsters withdraw from their normal social activities over embarrassment and disappointment," Pollock said.

Such firms as Eastman Kodak and Bell & Howell, which employ many handicapped persons, find their performance of duty is above average and their absentee rate low, Pollock pointed out.

He cited several case histories to illustrate that there is a

place in business and education for the handicapped.

Auto accidents alone crippled 230,000 Ohioans last year, he said. "There is no end to providing for those less fortunate and dismembered persons," he said. Fifty-five per cent of Ohio's handicapped are adults.

The Ohio Society has pushed legislation now in effect requiring architects of new public buildings to plan ramps for movement of wheelchairs used by the handicapped, Pollock said. Wider doors are also required for their convenience.

Pollock is a past district governor of Rotary and has addressed the local club several times as an officer of the state society. He was introduced by Ralph A. Finley, president. Edwin L. Bayley, who arranged the program, remains a patient in Columbia Presbyterian Hospital in New York.

Open House Held By PTA

Open house preceded a meeting of the Pughtown Parent-Teacher Association Monday night in the school, with approximately 185 attending to inspect classrooms.

Charles McKinney, assistant superintendent of Hancock County schools, spoke on new developments in the curriculum, problems of operating half-day classes and bus schedules, and how the opening of new schools will affect both.

Mrs. Austin Ford, president, conducted business and the by-laws were reviewed and amended. Classroom visits by the parents are slated Tuesday and Nov. 14 from 1:30 to 3:30 p.m. as part of National Education Week observance.

The pre-school chairman announced a Halloween party was held for the youngsters.

Fifth and sixth grade students sang three selections. The PTA's project is purchase of \$152 worth of records, music books and albums for classroom music lessons.

Mrs. Esther Herron's first grade won the attendance banner. Next meeting is Dec. 2.

Attendance Record

CINCINNATI (AP) — Attendance at the University of Cincinnati reached a new high this fall. Dr. Walter C. Langsam, University president, told the Board of Directors late Tuesday UC now has 21,934 students — up 6.5 per cent from last year.

Dry yeast should be softened in water rather than in milk; it should be thoroughly stirred to make sure it has dissolved.

Columbus, Youngstown Elect Democrat Mayors

By The Associated Press
Maynard E. (Jack) Sensenbrenner, former Columbus mayor, going against what political observers said were heavy odds, unseated Republican Mayor W. Ralston Westlake in the Columbus mayoralty race Tuesday.

The race was one of only a few in Ohio's major cities where there was a contest for mayor. In another, Anthony B. Flask, Democratic president of the Youngstown City Council, ousted Republican Youngstown Mayor Harry N. Savasten.

Sensenbrenner's victory margin was close, about the same as it was four years ago when Westlake defeated him for the post. He received an unofficial 53,752 votes to 53,754 for Westlake.

The new mayor, who waged a heated campaign, boosted by his personal popularity and his claims of GOP failures, will face a City Council dominated

6-1 by Republicans when he takes office in January.

Flask, who went to court to keep his name on the ballot, won by a decisive margin over Savasten, 30,454 to 24,679.

The Ohio Supreme Court only recently declined to hear an appeal from a suit that sought to remove Flask's name from the ballot on grounds it was placed there illegally by the Elections Board.

Cleveland Mayor Ralph S. Locher ran unopposed on his city's Democratic ballot.

One race ended in a tie. At Bairdstown in Wood County, where there were no declared candidates, incumbent Robert Lambert and Charles C. Daniels, a former mayor, each got 23 votes. After a recheck, if the tie stands, officials say they'll flip a coin.

Wapakoneta had a close race. Incumbent Milton Wehner, a

faro, R. 4,088; Edward Lenney (D), D. 3,255.

CAMBRIDGE: John R. Tingle, R. Defeated Richard Stewart, D. 2,616-1,853.

ASHTABULA: City Manager David P. Deluca, D, defeated Willard Hutchins, R.

CANTON: Stanley Cmich, R, defeated Charles L. Babcock, D, two-term mayor who lost in 1961 to Republican James M. Lawhun. City Council switched from 9-6 in favor of Republicans to 9-6 for Democrats.

AKRON: Edward O. Erickson (D), D, defeated Evan J. Reed Jr.

Talks Set Saturday In Bid To End Strike

ASHTABULA, Ohio (AP)—Officials of United Auto Workers Local 1169 and the struck Fiber Glass Body Co. will meet Saturday at the office of Federal Mediator Walter Wagner in Cleveland.

The meeting will be the first since Oct. 29 in a strike marked by mass picketing, violence and contempt of court charges against strikers. The strike started Oct. 17.

Rogers Keeps Crawford In Council Post

ROGERS — Councilman William Crawford of Depot St. received 23 write-in votes for a new term in Tuesday's general election, which saw 22 others being given votes, according to complete but unofficial returns.

Dale Williams of Depot St., owner of the Trading Post, was given 26 write-in votes, but officials indicated it is uncertain if he could serve because he is vice president of the fire department and took a Civil Service examination as Beaver Local school bus driver, posts which may be incompatible.

A third eligible candidate for the two Council posts is Kenneth Ours, incumbent councilman, who has indicated he does not wish to serve. He received five votes.

The fourth eligible candidate is Bleacher Davis of Farr St., who was given four votes.

Other candidates with write-in support were George Heller

Teacher Quits At Western Beaver High

The resignation of Mrs. Jeanne Martin, commercial teacher, was accepted at the meeting of the Western Beaver County School Board Monday night at the high school at Industry and Mrs. Mary Jane Braheny of Darlington R. D. 1 was hired for the post.

Mrs. Patricia Moreth of Beaver was employed as the school nurse for the remainder of the term.

Frank Meredith, supervising principal, was authorized to hire a woman for Fairview School and another for Snyder School for lunchroom and cafeteria supervision for four hours per day, and a third for lunchroom supervision for two hours per day at the Logan School.

The teachers now assigned this work may be released for free time, in accordance with a state law.

The board authorized a five-year contract with the Industrial Appraisal Co. of Pittsburgh to

Prediction On Vote Misses By Only 180

FREMONT, Ohio (AP)—Mrs. Florence Fought, clerk of the Sandusky County Board of Election, made a prediction that 16,000 of the county's 24,000 registered voters would cast ballots Tuesday.

The total was 16,180—and nobody had a word of criticism for her forecast.

furnish annual evaluation service and authorized a \$650 contract with Blair Ferguson, bus contractor, for a bus to transport school athletic teams. Ferguson is also to supply a school activities bus.

Michael Arbutina, high school principal, was granted permission to attend the annual conference of Association of Supervisory Curriculum Development at Miami Beach, Fla., April 5-9, and the annual fall conference of the state chapter at Harrisburg for one day in November.

In observance of National Education Week, open house for the elementary schools was set for Tuesday with class visitation hours for parents 7 to 8:30 p. m. at Fairview and Logan schools and 7:45 to 8:30 at the Snyder School.

Open house at the high school will be held Nov. 13 from 7:30 p. m.

The board approved an adult art class at the high school if enough interest is shown. Details concerning hours, fees, place, etc., will be announced. Next meeting is Nov. 18.

Various cuts of boneless veal—shank, neck, breast or shoulder—are suitable for stewing.

France's Urging Market To Raise Tariffs On Steel

PARIS (AP)—France is urging her Common Market partners to increase the trade bloc's tariffs on steel—a step which could make the chicken feed look like chicken feed.

If the other five nations don't go along, France could act unilaterally through a loophole in the six-nation steel-coal treaty. Such action would endanger European economic unity.

The French government proposed the steel tariff increase Oct. 7 at a ministerial meeting of the coal-steel pool. The West German government, then headed by Konrad Adenauer, supported the French. The question is due to be decided at a meeting in Luxembourg Dec. 2.

The French proposal—to return to the tariff schedule that prevailed before 1958—would virtually double the tariff on certain types of steel imported by the six nations—France, West Germany, Italy, Belgium, the Netherlands and Luxembourg.

It remains to be seen whether West Germany's new chancellor, Ludwig Erhard, will continue to back up the French demand, described by one source as vehement.

Potters Seek No. 8 At Alliance

Beavers, Tigers Clash At East Liverpool; Oak Glen Faces Tough Winterville Team

Oak Glen's Golden Bears bid to continue their giant-killing act and two rivals clash for runner-up honors in the Buckeye Border Conference in highlights of football's final weekend in the district.

The new Hancock County consolidated school tackles one of Eastern Ohio's best in Winterville, which has won eight straight behind rambling Ty Harris, fleet junior halfback.

WELLSVILLE and Beaver Local are slated for a showdown battle for second spot in the Buckeye conference Saturday night on neutral territory—Patterson Field in East Liverpool.

The East Liverpool Potters will close their 1963 campaign at Alliance a tradition followed since 1953. East Liverpool will be looking for its first victory in the series since 1956 when the Potters came out on top 35-12.

Oak Glen, which upset Moundsville, 15-6 last week to hike its season record to 3-5 under first-year head Coach Robert Starkey, draws tough Winterville for its finale Friday night at Newell's Memorial Field.

AFTER an opening season defeat to Follansbee, 30-18, Winterville reeled off eight straight victories with the fleet Harris rambling for 20 touchdowns. He's the Ohio Valley's leading scorer.

Harris scored three touchdowns as Winterville rolled over Carrollton, 40-0, last week. Fullback Larry Geissler, 220 pounds, is also a threat for the Warriors, as is quarterback Terry Scalise who has booted 11 placements in the last 13 games.

WINTERSVILLE has piled up 246 points this season, while

its defense has allowed the opposition only 56.

Oak Glen also victimized Follansbee for one of its victories, and has also won over Moundsville and Follansbee St. Anthony.

Other Friday games find Austintown Fitch at Midland, unbeaten Canfield at Leetonia, Columbiana at East Palestine, United at Lisbon and Geneva at Salem.

Wellsville (2-7) and Beaver Local (3-6) will meet for the fifth time Saturday night.

Since the Beavers stunned Wellsville, 6-2, in 1959, the schools have become arch-rivals and the games generally turn out to be hard fought all the way.

JACK O'ROURKE was coach at Beaver Local when the schools met for the first time in football in 1959.

Wellsville rolled to a 38-6 victory in 1960, but O'Rourke's

squads gained back-to-back wins in 1961 and 1962. The Beavers won, 6-0, in 1961 at Patterson Field, and 22-6 last year at Wellsville.

O'Rourke turned over the coaching reins to Ed Stevens for this season, while Coach Ken Woods continues at Wellsville.

One of Wellsville's stars whom the Beavers must contain Saturday is halfback Jim Reed, who missed the battle last year due to a broken arm received against Springfield the previous week.

REED has tallied nine touchdowns for Wellsville, mostly on long runs, but is still far away from the single season scoring record of 90. Quarterback Roger Ours came close in 1960 with 11 touchdowns and 10 conversions for 86 points.

Freshman quarterback Chris Thornton is second to Reed in team scoring, with five touch-

downs and two conversions for 33 points. Fullback Dale Mobley has 26 points.

JIM McLAUGHLIN of Beaver Local returns for his second battle against Wellsville. He tallied once in last year's game and was all conference.

In one other Saturday game, Southern Local shoots for a winning record under Coach Lewis Higgenbotham at Jackson-Milton. The Indians stand 4-4.

Browns Meet Pittsburgh In Rematch

CLEVELAND (AP) — The Cleveland Browns play their third straight rematch of the season Sunday, this time at Pittsburgh against the rugged Steelers. The Browns are hoping for more satisfying results than the past two weeks.

Cleveland won its first match with New York 35-24, then were crushed 33-6 in the second meeting. Against Philadelphia, the Browns won 37-7 in Cleveland, but just squeaked by the Eagles 23-17 a week ago.

The game before a sellout crowd of 55,000 in Pitt Stadium will be the first time this season the Browns have played two games in a row on the road.

The Browns will have to stop the Steelers' passing attack, led by Ed Brown, who had a great night against Cleveland in the first meeting. His favorite receivers are Buddy Dial and Red Mack. Halfback Dick Hoak is the key runner. Theron Sapp will do most of the job at fullback, although John Henry Johnson has recovered from an ankle injury.

3 Champions Named Boxer Of The Month

NEW YORK (AP) — Three boxing champions who did not defend their title—Emile Griffith, Carlos Ortiz and Sugar Ramos—were named Fighters of the Month by Ring Magazine today for their performances in non-title bouts.

Griffith, welterweight champion, defeated Joe Gonzalez. Ortiz, lightweight titleholder, outpointed Maurice Cullen. Ramos, featherweight kingpin, stopped Sammy McSpadden.

The biggest move in the ratings was by Joey Archer of New York, who jumped from fourth to second in the middleweight rankings after outpointing Ruben Carter.

In the heavyweight division, Cleveland Williams of Houston moved from fifth to fourth and Zora Folley of Chandler, Ariz. advanced from sixth to fifth.

Former champion Floyd Patterson, who has been inactive, dropped two notches to sixth.

Hockey Returns To Cincinnati As Club Moves

CINCINNATI (AP) — Ice hockey is coming back to Cincinnati after a six year absence—and with a ready-made team.

Of course, on the basis of performances thus far, the team which has been the Indianapolis Capitals of the Central League, doesn't figure to set the world afire. It has a 1-7-1 record. The lone victory was a forfeit.

The Caps lost their home arena last week when an explosion caused heavy damage to the Indianapolis coliseum and killed 68 persons.

Alex Sinclair, general manager of the Cincinnati Gardens, announced Tuesday that the Detroit Redwings of the National League, parent club for the Caps, is moving the club here for the remainder of the season. The first game here will be Nov. 14 against St. Louis.

EAST LIVERPOOL REVIEW

EAST LIVERPOOL'S quartet of backs run through a play as they prepare to take on a strong Alliance eleven Friday night at Alliance's Hartshorn Stadium. The Potter backfield includes left-to-right—halfback John DiPasquale, halfback Earl Olmstead, fullback Bob Bowyer and quarterback Bob Forzano.

Only 3 Majors Remain Unbeaten

Texas Picked Over Baylor; Irish Rate Edge On Panthers

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP) — And then there were but three.

Nine weeks ago every college football team had an unblemished record and every coach dreamed of an unbeaten season. Now only three big time teams remain unbeaten and untied—Texas, Auburn and Princeton.

Each meets a formidable rival this weekend but each should squeak through and continue unscathed into the campaign's final weeks.

Nine weeks ago all football forecasters also had perfect records. Now this corner is only .733 perfect on 267 correct guesses and 97 incorrect ones following last weekend's 41-18-695 figures.

Here's how this week's games should finish.

Texas over Baylor: The Southwest Conference title could be decided in this one. Every time Texas gets in trouble, the Longhorns call on shoeless Tony Crosby to kick them out of it. Don Trull's passing will stymie the Longhorns for a time.

Mississippi over Tampa: The spectators' money should be refunded.

Navy over Maryland: Roger Staubach will wave the magic wand and all of Maryland's dreams will evaporate.

Illinois over Michigan: Brother Pete Elliott gets revenge for the 14-10 defeat administered by brother Bump Elliott a year ago, despite the Wolverines' newly discovered aerial attack.

Washington over California: The Huskies have Rose Bowl fever.

Notre Dame over Pittsburgh: Despite Fred Mazurek's heroics, Notre Dame will close its home schedule with a victory.

Oklahoma over Iowa State: The sparse Iowa State roster doesn't have manpower enough to handle the speedy Oklahoma Sooners.

Purdue over Michigan State: The Boilermakers will find a way of stopping Sherm Lewis, the Spartans' scabcat.

Ohio State over Penn State: Almost every week Ohio State comes up with an unknown to pester its foes. Last week it was Tom Barrington. No telling who it will be this time around.

Brown Nearing All-Time NFL Offense Marks

NEW YORK (AP) — Jimmy Brown's statistics become more awesome every Sunday. The Cleveland fullback, playing his seventh year of pro ball, soon will become the greatest ball carrier in National Football League history.

Counting all ball carrying means—rushing, pass catching and returns of interceptions, kickoffs, punts and fumbles, Brown has gained 11,086 yards for the Browns. That leaves him only 231 short of the record of 11,317 held by Ollie Matson, now of the Detroit Lions.

Brown remains way out front in the 1963 rushing race with 1,194 yards, his fifth season of 1,000 yards or more. Jim Taylor of Green Bay is next with 639 yards.

Pitt's Mazurek Is Back Of Week

By WILL GRIMSLEY
Associated Press Sports Writer

The game was half over, and Pittsburgh was taking a football beating from Syracuse. Going into the third period, the New Yorkers were ahead 21-8.

A swirling snowstorm played hide-and-seek with the sun at Pitt Stadium. Lightning flashed and there were sharp thunderclaps.

Then, a bolt struck Syracuse—190-pound, 5-foot-10 bolt Fred Mazurek.

Mazurek streaked 41 yards for a touchdown. Then he began hitting targets with short passes and, before you knew it, Pitt had scored again. Mazurek shot a pass to end Al Grigaliunas: Touchdown No. 3 in the quarter, and Pitt led 28-21.

Syracuse added another touchdown in the fourth period. Mazurek went down under a pile of tacklers and had to leave the

game with a leg injury. Just before the end, he hobbled back onto the field and drove his team to a clinching score.

Pitt was the winner 35-27, and, on the strength of his brilliant individual performance, Mazurek was named today The Associated Press' Back of the Week.

Mazurek won the Back of the Week nomination in a close contest with a number of other backfield stars, including the great Roger Staubach of Navy, Don Trull of Baylor, Billy Loderidge of Georgia Tech, Bob Schweickert of Virginia Tech, Junior Edge of North Carolina and Jimmy Sidle of Auburn.

Other outstanding backs included Tom Nowatzke, Indiana; Ken Waldrop, Army; Jim Grubowski, Illinois; Tony Crosby, Texas; Bob Timberlake, Michigan; Pete Liske, Penn State; Cosmo Iacavazzi of Princeton, and Larry Brinkley, Florida State.

Heavyweight Bout Set For February

By FRANK PITMAN

DENVER (AP) — Mid-February is the time and Los Angeles is probably the site for Sonny Liston's defense of his heavyweight boxing championship against Cassius Clay.

In a zany setting Tuesday, they signed contracts for a 15-round title fight expected to gross a record \$6 to \$8 million.

Two separate Los Angeles groups, one headed by former champion Joe Louis, offered guarantees of more than \$1 million for the right to stage the battle.

Jack Nilon, Liston's advisor, said other bids have been received from Minneapolis, Chicago, Miami and Las Vegas. He said the site will be announced within two weeks.

Clay, unbeaten since turning pro in 1960, will get 22½ per cent of the receipts—described as a record for a challenger. Liston, who received 12½ per cent in his challenge fight against Floyd Patterson in Chicago, will get 40 per cent.

Spontaneous comedy spiced the contract signing at the Denver Hilton.

Shouting, "I'm the greatest, here comes the next champion," Clay swaggered in the room. He first refused to sit beside Nilon, who was seated beside Liston. "I don't want to be near him," Clay said.

Liston, who alternately frowned and smiled, got into the act by pulling out a pair of rabbit fur-coated boxing gloves and asking Clay if he wanted the champion to wear those for Clay's safety.

Clay seemed at a loss for words before waving off the offer with his oft-repeated:

"I'm the greatest, I ain't scared of nobody."

Liston scored one-round knockouts over Patterson in winning the title at Chicago and in their return match at Las Vegas last July. The second victory over Patterson was his 28th straight and his 35th in 36 bouts. Liston has knocked out 25 opponents.

Clay has recorded 19 victories since turning pro after winning the light heavyweight crown in the 1960 Olympics. In his last appearance he stopped Henry Cooper, British heavyweight champion, in the fifth round last June 18 in London.

Machen Wins On Knockout

SACRAMENTO, Calif. (AP)—Eddie Machen, 197, now fighting out of Berkeley, Calif., knocked out Bull McMurray, 208½, Sacramento, in the seventh round of a scheduled 10-round boxing main event Tuesday night.

McMurray was counted out by referee Vern Bybee in 2:13 of the seventh round. There were no earlier knockdowns, but Machen compiled a big lead in points. He stopped McMurray with two hard rights to the head and body followed by a left hook to the body.

The referee's score card had it 6-0 Machen. One judge had it 5-0-1 Machen while the other had Machen ahead 4-2.

49ers' Brodie Done For '63

SAN FRANCISCO (AP) — They took off the cast on John Brodie's throwing arm Tuesday and then put it right back on. Not that the followup announcement was unexpected, but the No. 1 quarterback of the sputtering San Francisco 49ers is through for 1963.

Brodie suffered a hairline fracture of his right arm in an automobile accident last May. He carried a cast for three weeks. He reported to camp, and all seemed well. But the arm constantly gave him trouble once the exhibition and regular seasons got under way.

In the third regular season game—against Minnesota Sept. 29—he reinjured his arm and the cast went back on. Doctors said Tuesday the new cast will be on at least two more weeks.

Graham Happiest Coach, Coast Guard Undeclared

By LOU BLACK
Associated Press Sports Writer
NEW LONDON, Conn. (AP)—Who is the happiest football coach in the United States today?

"I am," insists Otto Graham, a great quarterback who turned down scores of coaching offers to coach football and direct athletics at the Coast Guard Academy.

There is none of the big-time pressure to win, but the 42-year-old Graham, now a full commander, and his Cadets have won all six of their games this season.

The Cadets are a solid favorite to take their seventh straight against Central Connecticut State, 1-5, Saturday in one of their two remaining games.

In the 21 years that football has been played at the academy,

the best previous mark was 6-0-1 in 1951.

"I'm just having lots of fun," said Graham, an All-America at Northwestern and an All-Pro with the Cleveland Browns.

In the five years here, Graham reportedly has turned down more offers than most coaches get in a lifetime. His record so far is 23-14-1.

Said Graham:

"What I like about it here is that we don't have to win at all costs. We want to win, yes, but there's no premium on it. More important, we've been having lots of fun, the players and I."

"Once the season is finished, most coaches have to hop into a car and start recruiting. The recruiting I do is the mailing of pamphlets to high school coaches showing what the academy has to offer a boy."

Bauer Seen Top Choice For Orioles' Manager

By JOE REICHLER
Associated Press Sports Writer
BALTIMORE (AP)—Baltimore Coach Hank Bauer emerged today as the leading candidate for the Orioles' managing job following the withdrawal of Eddie Stanky.

Baltimore club president Lee MacPhail acknowledged Tuesday he had offered the post to Stanky, former star National League infielder and ex-manager of the St. Louis Cardinals, and said he had three or four other candidates in mind but declined to identify them.

It was understood, however, that MacPhail was giving serious consideration to Bauer as well as to Bob Scheffing, Solly Hemus and Charlie Metro. He hadn't ruled out Stanky despite Eddie's decision to remain as personnel director of the Cardinals.

"We're in no particular hurry," said MacPhail, who has been seeking a manager since

the dismissal of Billy Hitchcock at the end of the 1963 baseball season.

Stanky, who managed the Cards from 1952 to May, 1955 has been in the Cards' front office since 1959.

The longer MacPhail waits the more likely it becomes that his eventual pick will be Bauer. The former outfield star of the New York Yankees joined the Orioles as a coach last year following a brief fling as player, then as manager of the Kansas City Athletics.

Scheffing, who was dismissed as manager of the Detroit Tigers last summer, has entered the radio field as broadcaster of the Tigers' games. Metro, who was head coach in the Chicago Cubs' unique managing system in 1962, is a scout with the Chicago White Sox. Hemus managed the Cards from 1959 to July, 1961, and was a New York Met coach in 1962-63.

It also marked the ninth straight game in which the Hawks have not been defeated, tying a club record set in the 1939-40 season.

Hay's goal and another by Stan Mikita in the second period gave the Hawks a comfortable 2-0 lead before the partisan crowd of 12,642. But the Rangers retaliated on a second period goal by Dick Meissner and a tying goal by Vic Hadfield at 14:38 of the third period.

The victory gave the front-running Hawks a whopping six-point lead over second place Montreal.

Hawks Score Early, Late To Nip Foe

CHICAGO (AP)—The Chicago Black Hawks, riding well out in front of the National Hockey League, scored in the first and last minutes of their game with New York Tuesday night for a 3-2 victory over the Rangers.

Bill Hay's goal in the first 27 seconds of play and Bobby Hull's clincher with 20 seconds remaining gave the Hawks their eighth victory against one loss and two ties.

It also marked the ninth straight game in which the Hawks have not been defeated, tying a club record set in the 1939-40 season.

Hay's goal and another by Stan Mikita in the second period gave the Hawks a comfortable 2-0 lead before the partisan crowd of 12,642. But the Rangers retaliated on a second period goal by Dick Meissner and a tying goal by Vic Hadfield at 14:38 of the third period.

The victory gave the front-running Hawks a whopping six-point lead over second place Montreal.

Baylor Star Grabs Lead From Roger

NEW YORK (AP)—Don Trull, Baylor's brilliant quarterback, has taken over the total offense lead from Navy's Roger Staubach, the latest major college football statistics disclosed today.

Trull, a pin-point passer, has gained an over-all total of 1,491 yards in 241 plays while Staubach shows 1,420 yards gained in 245 plays according to the figures compiled by the NCAA Service Bureau.

Trull also leads the passers for the second straight week. By completing 20 of 40 passes against Texas Christian last Saturday, the Baylor star increased his lead in completions from eight over Staubach to 13 over George Mira of Miami of Florida.

Jimmy Sidle of Auburn is No. 1 in rushing with 648 yards, followed by Tom Vaughn at 642.

Spartan Guard Named Outstanding Lineman

EAST LANSING, Mich. (AP)—Earl Lattimer, a Michigan State guard and linebacker who frequently delights the crowd by turning a somersault when running up to his position, has been chosen the Associated Press Lineman of the Week for his role in Saturday's upset victory over Wisconsin.

Lattimer performs his acrobatics out of sheer enthusiasm for the game. He loves to hit. Like most of the Spartan line, he is expected to go both ways. Lattimer has been bulldozing a path for the offense and has been a bear on defense all season.

The 5-11, 218-pound senior from Dallas, Tex., was moved from fullback to guard this fall. He was a standout in the Wisconsin game in which MSU beat the favored Badgers 30-13. This knocked Wisconsin out of eighth place in the national rankings and earned the Spartans No. 9 spot. It also kept Michigan State in a tie for first in the Big Ten with Illinois and Ohio State.

In addition to his line play, Lattimer kicked a 44-yard field goal, booting it against a 17 mile per hour wind. He's hit two out

of three and coaches now figure they will use him for field goals the remainder of the season. He also snagged the only pass interception of the Wisconsin game.

Lattimer was the Lineman of the Week choice over Dick Butkus, 235-pound junior Illinois center and linebacker. Butkus led the rush against Purdue quarterback Ron Digravio to keep the Illini in Big Ten title contention with a 41-21 win.

A leading West Coast nominee was a Norwegian skier, Koll Hagen, converted to American football and doing standout work at guard for the University of Washington.

Boosters Club Steps Up Plans For Grid Fete

Plans were nearly completed for the banquet honoring the 1963 football team when the Oak Glen Boosters Club met Monday night at Newell. Forty-five members attended.

The banquet will be held Dec. 7 at the Masonic Temple in Chester with Gene Corum, head football at West Virginia University as guest speaker.

The club will sponsor a dance for high school students Saturday night at the Chester Junior High School.

Senior players will be recognized at the final game of the season with Winterville Friday night.

Parking will be available and will be sponsored by the Boosters Club at a charge of 25 cents a car.

Movies of the Oak Glen-Moundsville game were screened by head coach Bob Starkey and assistant Vince Monseau.

Jack Watson, president, presided at the meeting.

Girl With Cancer Of Hip Walks Off From Hospital

CLEVELAND (AP) — A 14-year-old girl walked away from Metropolitan General Hospital Tuesday night only hours after a juvenile court judge gave permission for surgery which doctors say is needed to save her life. She has cancer of the hip.

The girl is the daughter of a British war bride, who is divorced. The mother opposed the operation, which could have led to amputation of a leg.

The girl, frightened and despondent, ran away from the hospital wearing only a bathrobe, nightgown and shoes. She is 4 feet 5 and weighs 115 pounds.

"She read in a newspaper about the court approving the

surgery and was very despondent to lose a leg," a nurse said.

East Cleveland police checked the girl's home, but her mother was not there.

The mother was not in the courtroom Tuesday when Judge Walter G. Whitlatch made his decision granting permission for surgery. The mother was represented by a court-appointed attorney.

Mrs. Nhu Plans Housekeeping For Her Children

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu was expected to move out of her \$90-a-day suite today and set up housekeeping in the Los Angeles area for herself and her four children.

South Viet Nam's widowed former First Lady changed her mind late Tuesday about join-

ing her three younger children in Rome today. She said she'd fly them here instead as soon as possible.

Mrs. Nhu said she "could not endure the trip at this time," according to George White, manager of the Beverly Wilshire Hotel where she has been staying.

Mrs. Nhu has been offered use of the home of Allen Chase, an associate of television star Art Linkletter, in the exclusive

Bel-Air district. Mrs. Chase said she had received no definite word as yet whether Mrs. Nhu will accept the offer.

Niagara Falls empowers the Western world's largest hydroelectric complex and its flow is carefully controlled. A United States - Canadian treaty prescribes a minimum rush of 50,000 cubic feet per second except in daylight during the tourist season, when the flow is increased for esthetic reasons.

26 Bales Of Hay Spilled On Street As Truck Turns

Patrolman L. E. Richard single-handedly removed 26 bales of hay that spilled off a turning truck Tuesday night at W. 6th and Jefferson Sts., then waited at the corner to cite the driver when he returned.

Officer Richard found the bales scattered in the traffic lanes. Leaving his cruiser, he dragged the hay out of the way of autos. Shortly afterward, Baird retraced his route looking for the missing hay and was taken into custody.

Chester To Ask Ruling

Prosecution Considered For Gambling Stamps

Whether federal gambling and liquor stamps for Chester individuals provide grounds for city police action is to be referred to Hancock County and West Virginia legal authorities.

At a meeting of Chester Council Tuesday night, Solicitor William Ingram agreed to a request by Councilman Donald Chaney for a ruling on whether the holding of such federal stamps constituted sufficient evidence for a search and seizure warrant.

COUNCILMAN Wayne Hutton declared violations of state laws against gambling and liquor sales in the city "are worse than a year ago."

Hutton asked Council to authorize a committee to meet with Gov. W. W. Barron concerning the reported violations. He and Chaney asked Councilman Carl Graham if he would consent to such action, but Graham indicated he would not.

Graham said the mayor and police chief are responsible for control of the community and if they requested assistance of the governor, only then would he agree to go to Charleston.

The effort to get Council authority on a meeting with the governor was the third in recent months by Hutton and Chaney.

SOLICITOR Ingram pointed out a request could be made for the present Hancock County Grand Jury or the one scheduled to meet in January to investigate the alleged conditions.

However, Chaney and Hutton

said they would prefer to seek an investigation at the state level.

Ingram said he would seek a ruling on the federal stamps as evidence from Hancock Prosecutor Floyd Tarr and from the state attorney general's office for the next meeting Nov. 19.

IN OTHER ACTION, Solicitor Ingram reported the city contract with Magnus & Co. of Cincinnati, a bonding concern which had been serving as a consultant on the proposed sewage disposal system, was no longer valid, but that the city owed the firm "for services rendered."

The 1952 contract with Magnus had been ruled void two years ago, but the city had conferred with the firm concerning a contract for handling the sale of bonds for the project.

Harry Lameier of the firm met with Council in a caucus session prior to the regular meeting to discuss the relationship of the firm with the city and its proposals.

LAMEIER reported the city has lost out in a bid for a federal grant of 50 per cent of part of the project because applications were not filed in time, due to the delay in obtaining a bonding firm.

Chaney said the grant was no longer available because Hancock County now does not qualify under the unemployment level needed for the accelerated public works program.

Lameier today indicated his

firm plans to take the contract issue to court, if necessary.

THE FINANCE committee headed by Chaney is slated to meet tonight with a representative of the Cunningham-Schwartz, Inc., of Pittsburgh, a bonding firm.

A special Council meeting is slated Nov. 21 for a report on a survey of the city water system made recently by a Charleston engineering firm.

Council authorized the removal of stop signs at 4th St. and Indiana Ave. during the winter months because stops constitute a hazard on the Indiana Ave. hill.

Council also authorized installation of a sewer line to Georgia Ave. from Georgia Alley, a distance of 175 feet, when funds are available.

DISCUSSION was held on requests by residents of Tinsionville in the past for water and sewer service.

Council adopted the state fire code provisions as a city ordinance, ordered recharges for fire department fire extinguishers, and heard reports that street and water department equipment was ready for winter duty.

Receipts reported by Clerk Roy Cashdollar amounted to \$4,404, including \$2,314 from the new utility tax — \$1,034 from gas and \$1,279 from electricity as the first sum income from the tax source.

Charles Pugh and Orville Crawford of the Nazarene Church distributed religious booklets to the city officials.

Philadelphia Elects Democrat

Kentucky And Mississippi Pick Democrat Governors

WASHINGTON (AP)—Democrats kept control today of such keenly contested posts as the Kentucky and Mississippi governorships and the Philadelphia mayor's chair.

But tallies from Tuesday's elections led the GOP to speak of "dramatic inroads" into Democratic strongholds.

The Kentucky race was a close one. Mississippi Republicans, mounting their first serious attempt on the governorship since Reconstruction days, rolled up a considerable vote in defeat.

In Philadelphia, Democrats kept their grip on City Hall by about 67,000 votes—but this was their smallest margin in a mayoral race in 12 years.

In all of these races—plus some others—the issue of civil rights figured.

Politicians will be studying the tallies for 1964 omens to learn for example, whether a so-called "white backlash" against the militant Negro drive for more and better jobs, freer choice of housing and other aims, will hurt President Kennedy next year.

Republicans could look with satisfaction on such states as Indiana—where dozens of mayors' posts switched from Democratic to Republican. But the Indianapolis City Hall stayed Democratic by a narrow margin.

In San Francisco, Rep. John F. Shelley, D-Calif., apparently won out for mayor in an election officially billed as non-partisan. His opponent was supervisor Harold Dobbs, Republican. The retiring mayor is George Christopher, Republican.

In New Jersey, the Republicans kept control of the State Senate by a sweep, and moved toward taking the Assembly from Democrats.

In Kentucky, a still-incomplete count showed Democrat Edward T. Breathitt Jr. the winner for the governorship, but by only about 15,000 votes out of some 860,000 votes thus far counted.

His Republican foe, Louie B. Nunn, charged voting irregularities and asked supporters to "stand by the voting machines and ballot boxes."

Nunn, after first conceding defeat, said "the race is not over yet." But it appeared the uncounted precincts could not change the outcome.

Nunn, in his campaign, had borne down heavily in criticism of an order, issued by retiring Democratic Gov. Bert Combs, barring racial discrimination in businesses licensed by the state. He also had roundly criticized the Kennedy administration.

Kennedy could take no comfort from the Mississippi governorship result because both the winner, Democratic Lt. Gov. Paul Johnson, and the loser,

Republican Rubel Phillips, made a point of opposing him and integration.

The Republican vote was smaller than Phillips hoped for — with 1,580 of 1,877 precincts counted it stood: Johnson 172,237, Phillips 101,605. But it's something new for a Republican to get that many votes for Mississippi governor.

The victor in the Philadelphia mayoralty fight was Democrat Mayor James H. J. Tate, for whom Kennedy made a campaign trip. Loser was James T. McDermott, 37-year-old lawyer who never has held public office.

Racial overtones got into this campaign. Tate accused McDermott of playing for the white vote. Denying this, McDermott said part of the racial unrest in the troubled city could be laid to indecision on the mayor's part.

Surveying these and other elections Tuesday night, the Republican National Committee said "there is cause for solid Republican satisfaction." It saw "a definite Republican trend" in much of the balloting.

The Democratic National Committee withheld any statement until later today.

In New York City, voters approved 3-1 a proposal to legalize off-track betting on the horses. Since the vote was only advisory, any action will be up to the State Legislature.

New Jersey rejected Democratic Gov. Richard J. Hughes' plan for \$750 million bond issue to finance mental institutions, schools and highways.

Among hundreds of mayors elected were:

Salt Lake City — Mayor J.

Bracken Lee, right-wing Republican, re-elected in nonpartisan race.

Boston — Mayor John F. Collins re-elected in nonpartisan contest.

Indianapolis — Democrat John J. Barton elected to mayor's chair his party has held for eight years.

Columbus, Ohio — Former Mayor Maynard E. Sensenbrenner, Democrat, elected in a comeback.

United Local School District Levies Win

HANOVERTON — A new 3-mill school levy and a 6-mill renewal and increased levy were approved by United Local voters in Tuesday's general election, according to unofficial returns.

The vote on the additional 3-mill current expense levy was: For, 646, and Against, 452.

The combined renewal and increase levy of 6-mills passed. For, 782, and Against, 356.

STRATTON — Injuries received in a weekend traffic accident kept John M. Abdalla away from the polls in Tuesday's election, but he scored a photo-finish victory for village mayor although unable to vote.

Abdalla, 27, a member of Village Council, upset Mayor Michael Misconish by two votes, according to complete but unofficial returns. The vote was:

Yajko	105
Scheel	63

Leading a field of seven candidates to win posts on Village Council were Paul Zdinak and Dohrmann Byers. Also in the field were Sheldon Carnahan, Anne Ulrich, Calvin Rudder, Nicholas Rozak and Charles Rosinski. The vote was:

It was the first vote for members of the board, as the incumbent members had been appointed previously. Also in the race were William Byers, Robert Koehnle and Frank Scheel. The vote was:

Mihalik	83
Prosko	72
Thomas	55
Byers	51

minor and Wade Cunningham, 209 9th St., also pleaded innocent to purchasing beer for the boy.

Both men were cited by Juvenile Officer James Miller after investigation allegedly showed that beer was consumed by the juvenile, who later knifed Charles Woomer, 18, and Raymond Baker, 18, both of 718 Leonard St., East Liverpool, early Saturday morning in a fight at the tavern on Main St.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: For those who have beautiful flower hats, here's a trick to use when the flowers get out of place: I put an invisible nylon hair net over my flowered hats and then straighten any flower

which happens to be out of place. Then all I do is pick up my can of hair spray and spray the hat and all. . . . The hair spray has just enough stiffening in it to hold the flowers in place. This is

especially good for damp days when delicate flowers seem to wilt.

When ready to wear your hat just remove the net!

VIDA ZAK.

Be sure to spot test first, because we do not know what brand of hair spray you are using and some contain lacquer and other fixatives. It's a great idea.

HELOISE.

DEAR HELOISE: What do you use to prevent mildew on good books? Ours are an expensive set of encyclopedias.

I.D.K.

DEAR FRIEND: Take an old washrag and dip it in a solution of 5 per cent copper sulfate. (You can buy it at your drugstore; it is poisonous, so keep it out of the reach of children and do not buy too much. . . . a couple of ounces will do.) Dip your washrag in this solution, and hang it outside to dry. (Hang it high enough so that no child or animal can get to it.)

After the washrag is thoroughly dry, rub all your leather bound books with it. It will not harm the leather. It prevents mildew. This cloth will do hundreds and hundreds of volumes of leather books.

HELOISE.

DEAR HELOISE: I have three girls and each had a cotton raincoat covered with clear plastic. After a year or so, the plastic was torn. I just ripped the plastic off the outside of the raincoats and the cotton part of the coats makes darling little dusters for the girls to wear around the house.

MRS. H. H.

DEAR HELOISE: This idea is really "for the birds." When you stuff roasting chick-

ens, try using large safety pins for the closing. After sterilizing the pins in boiling water, I insert them in an up-and-down position, (as many was were needed, to hold in the stuffing) and lo and behold, it worked like magic. So easy and quick too.

EMMA SMITH.

Now isn't that cute? HELOISE.

DEAR HELOISE: After using my broiler pan, which is very hard to clean, I sprinkle my powdered kitchen cleanser all over the burnt crusty parts after the pan has cooled. . . . and then lay my dripping wet dishcloth over it. I let this sit awhile.

By the time we have finished eating and the other dishes are clean, the cleanser has done its work and the pan is almost clean with practically no scrubbing at all. Works beautifully.

L.G.K.

It works! Try it!

HELOISE.

DEAR HELOISE: I used to spill my coffee getting it from the container into my canister until I thought of emptying the contents from a one-pound can of coffee into a paper sack and then pouring the coffee into the canister. You never spill a drop this way.

JANE NEBAY.

Stolen Car Returned And It Runs Better

LAKE LAND, Fla. — Horace Hancock reported his car stolen and when he got it back, the vehicle ran better than ever.

Police explained another motorist had telephoned a garage that his car was stalled at a shopping center parking lot and he was sending the keys to the garage.

The mechanic picked up a car, fixed it and called the owner. The owner said his car was still at the shopping center. His keys had worked in Hancock's car, taken by mistake by the mechanic.

How Can I?

By ANNE ASHLEY

Q. — How can I make a candle fit firmly into a too-large holder?

A. Burn down an old candle stub — or a half — inch from the bottom of the new one — in the holder. Next, press the heat — softened bottom of the new candle firmly down on the still — burning stub. The candle will then adhere to its new holder-fitting base.

Q. — How can I remedy a sweater that is unsightly because its pockets are stretched and sagging?

A. Sew a strip of elastic inside the top of the pockets and tack the wool to it in a few places. It will draw the pocket back into position, and stop the sagging.

Q. How can I remove scratches from my silverware?

A. Purchase a small quantity of putty powder, put this in a saucer, and add just enough olive oil to make a paste. Rub this on your silver with a soft flannel cloth, then polish with a chamois, and the scratches should vanish.

Phil Takes To Las Vegas

LAS VEGAS, Nev. — Some columnists are name droppers, but I like to drop datelines. Last week it was Sydney, Australia. To hop from there to Las Vegas may seem rather ridiculous, and it is.

Las Vegas is a ridiculous town. In the lobby of the Tropicana Hotel I found Phil Silvers filming one of his TV episodes. "You think this is crazy?" cracks the comic. "Yesterday a nice prim-looking lady comes up to me and says, 'Mr. Silvers, I represent millions of clean, decent people, and I want you to know we pray for you.'"

"I SAID how nice I thought that was, but confessed I was just a little puzzled over why they were praying for me. Right away she answered, 'Because you are bringing back religion.' Now who knows what she meant by that? She just had to say something, that's all."

Phil's TV image as a brash and slightly unscrupulous fellow could be inspiring this female fan's prayers. In Las Vegas, of course, he usually stimulates another kind of adoration around most of the slot machine-lined watering spas. The sharpies, or would-be sharpies, look upon Phil as a brother under the skin.

He dropped into Jimmy Durante's Desert Inn show the other night and, after an introduction from Jimmy, the patrons gave Phil a standing ovation.

A REACTION like that proves to Phil there is somebody out there who loves him, despite a so-so first rating from Mr. Nielsen on this season's new Phil Silvers CBS-TV series.

The spending of a small fortune to cart east, crew and cameras to Las Vegas for one half-hour film is just part of Phil's rejuvenation plans for his series.

"I don't like to cheat the audience. Sure, we might have recreated a Tropicana Hotel set in Hollywood," he explains. "But actually coming here gives everybody a feeling of authenticity, us and the audience, and I think they appreciate it."

ONE MISSING element from his new series, and one that always stood Phil in good stead with his Sgt. Bilko show, was the sergeant's ability to defy authority, which in that case was the pompous Army colonel.

Phil intends rectifying the omission by placing more emphasis on the factory boss, making him more of a protagonist to Phil's character of Harry Grafton.

"We were afraid," Phil explains, "that nobody would believe it if Harry outmaneuvered

his boss too much — without being fired."

Phil may have forgotten that his Bilko character was a cinch candidate for a court-martial in any army except the one he and writer Nat Hiken had dreamed up for that series.

ONE THING to be said for Phil, he is not using that bro-mide of the New York vs. Hollywood climate for doing comedy as an alibi for any difference (real or imagined) between his current series and the New York-based Bilko series.

"Listen, Hollywood is my home now," says Phil. "Those New York comics can wallow all they want in the little old New York business. But catch 'em on a day when the rain is pouring or it's so darned sticky hot you can't stand it, then ask 'em what it is about New York."

"By the way, if you're writing anything about me as a result of this little chat, just tell the folks out there to stay with this guy — that I'm still brilliant, lovable and relaxed—and everything is going to turnout all right. Tell them that, will ya, please!"

PHIL WAS warming up his Bilko - Grafton - Silvers character for the afternoon's shooting. In this episode, to be seen around Jan. 1, he plays both himself and Grafton.

As we left the Tropicana coffee shop, there was a "Mrs. George Jessel" being paged. "That might be any woman in the room," flipped Phil to the maitre d'.

Keep In Trim

By IDA JEAN KAIN
Relax To Live Vitrally

Tension is the arch foe of happiness. Whether tension starts in the mind or in the muscles, once you are in its grip it is like being in a vise . . . oh, so hard to let go and relax.

Since the muscles take their cue from the mind, it would appear that the easiest way to relax would be to think calming thoughts. But just try and do it! The best way to drop the tensions is to do it physically. In a tense situation, if you can suddenly let go with your muscle tensions and sit back and laugh at yourself, you'll get a delightful release.

Ah, but you point out that this is no laughing matter. So the next best thing to do is direct your attention to the specific muscle groups and deliberately let go the muscle tensions. It takes practice to make your muscles do what you want them to do. Realize that tension is muscular contraction . . . relaxation is muscular limpness. So letting your muscles go limp is the technique.

IN PRACTICING relaxing, you first tense the muscles. It may appear to be going at things backward to further tense an already too tense muscle or group of muscles. Here is the reasoning back of this principle: It is difficult to know when you are tensing your muscles, for a large part of tension is involuntary. By deliberately tensing certain muscle groups,

then following with voluntary relaxation of the muscles, you are in conscious control. With practice, relaxation becomes natural.

All this is probably hard to believe. You don't need to believe it . . . just do it. Follow the pattern and you'll be relaxed.

All right, as you sit there clutching the paper, puzzled about the whole process, furrow your brow by raising your eyebrows. Hold . . . then deliberately let go. Now clench your teeth together . . . tensing the jaw muscles, tightly. Let go, let your lower jaw sag. Relax your tongue. Follow through by tensing your neck muscles, pushing back . . . then letting go. Raise your shoulders toward your ears . . . hold and circle down and let go, limply. Clench your fists, stiffen your arms . . . then release the tension.

Solid Allied Unity Follows

BERLIN (AP) — A solid display of Allied unity was followed by a Soviet backdown on the East-West autobahn today, and a U.S. Army convoy rolled triumphantly into West Berlin.

A two-day war of nerves over Allied rights ended in the small hours after the British and French sent units on to the 110-mile autobahn in support of the American convoy blocked since Monday by the Russians.

The British and French convoys went through without interference. And early today the Soviet officers dropped their demand that the 44 American soldiers submit to a head count. Then they pulled back the armored cordon blocking the autobahn near the West German border and the Americans went through.

Soon after dawn the 12-vehicle convoy arrived in West Berlin. The convoy's 25-year-old commanding officer, Lt. John Lamb of Wewantchka, Fla., sat erect and unsmiling in the lead jeep.

A big crowd waited through a cold and foggy night to cheer the convoy.

As soon as the convoy was safely through, the U.S. Army

sent 56 more men on to the autobahn, traveling from West Germany to West Berlin in four vehicles.

This convoy, unlike its predecessor, dismounted for counting by the Soviets at Marienborn on the western end of the lifeline highway.

No erosion of Allied principle was involved, however. The Allies accept counting when a convoy carries more than 30 men in addition to the driver and co-driver of each vehicle.

The Soviets cleared the second convoy quickly.

With the autobahn tension temporarily lifted, The Army reinstated a Berlin exercise which had been twice postponed. More than 5,000 Americans, the entire U.S. brigade in Berlin, were ordered into their annual fall maneuvers to test city defenses.

A U.S. spokesman said the exercise is limited to Berlin and there is no possibility of a confrontation with the Russians.

Allied officials mulled over a variety of likely reasons for the Soviet blockade—the third in less than a month—and its sudden withdrawal.

Wellsville Man Given Pen Term

John R. Reed, 32, of 4th St., Broadway, Wellsville, was sentenced to 1-5 years at the Ohio State Penitentiary Monday by Common Pleas Judge Joel H. Sharp for the daytime burglary Jan. 27 of the Super-foods market in Wellsville.

Reed and George W. Sims, 34, also of Wellsville were indicted for the burglary. Sims pleaded guilty and was sentenced, but Reed stood trial and was convicted. However he received another trial when Common Pleas Judge Raymond S. Buzzard ruled the state had not proved the burglary occurred in the daytime.

Prosecutor G. William Brokaw then had Reed indicted by the September Grand Jury on a charge of burglary by night and had just rested the state's case last week when Reed changed his plea to guilty on the original charge. The prosecutor nolleed the second indictment.

Bringing Up A Family

By GARRY C. MEYERS

Large Vocabulary Can Be Misleading

Familiar to many a parent and teacher is the child who seems to have much information, has a large vocabulary and speaks glibly.

The teacher may rate him very high in oral work but find him low in written work, especially when what he writes is based on a book assignment. He writes slowly and reads slowly. He may be a poor handwriter; he's pretty sure to be a poor speller.

The child has gained most of his information from listening to others talk, even on TV. When his parents or other adults read to him he absorbs information quickly, but he is slow to gain information from the printed page: he's a poor reader.

AS HE IS SO glib, and seems to have so much information when he talks, his teacher overrates his school achievement. He may talk so well and be so eager to do so that he may talk a great deal in class without saying much.

Seeing how well he can impress others with what he says at home and school, he may not feel the need to work hard at getting information from reading, at digging out ideas from a book; and he rarely or never reads for pleasure. Besides, his teacher and parents may be late in discovering that he is a poor reader.

As he faces more tests, however, as in junior or senior high, his reading retardation grows more apparent. Yet having escaped effort so long at improving his reading, he may find it difficult to work hard enough to make up his arrears.

His need to have special help and direction in reading should be discovered in his earlier grades. The longer this child can bluff his way the more serious his plight.

THIS KIND of child, so practiced at finding easy ways to

get by in school, lacks self-discipline and the urge to work hard. Rather, he has spent most of his effort at escaping hard work.

If his parents provide a tutor for him, he may work only with the tutor, doing little or no studying of assignments. Some enterprising young researcher should look into the ways of several hundred children whose parents hire tutors for them.

If my observations are correct, the student whose parents hire a tutor for him because he is lagging or failing in his studies reveals about the same poor work habits with the tutor that he had practiced before.

As a rule, the tutor of a child lagging in the fourth grade tends to have him do more work at the fourth grade level; or he tends to give the child lagging at the ninth grade more work at the ninth grade level. What the tutor of any child should do is to go back with him in any subject till rock bottom is reached, and bring him forward from there.

THERE IS MUCH common sense in such procedure, and relatively few teachers exercise it.

Any tutor discovers, if alert, that the child who lags at school in such subjects as history, geography or elementary science, usually is a very poor reader.

Using good common sense, the tutor ascertains at what level of difficulty the youngster he is helping can read meaningfully and effectively. He has him practice reading at this level no matter how far back in grades he must go.

Some parents who try to help a poor reader do likewise, though they may not so easily win cooperation from the student. They also should read with the child some of his present assignments to help keep up his courage.

My bulletins, "Home Help for Poor Readers I and II", "Helping a Child with Lessons at Home" and "Parents and the Child's Homework", may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Merchants Review Plans For Christmas Program

Plans for the traditional Christmas program in the business district were outlined Tuesday when the East Liverpool Merchants Association met in the Chamber of Commerce office.

Reporting for the Christmas activities committee, Harold J. Allison said erection of overhead electrically-lighted holiday decorations will get under way soon in the business district, if it does not interfere with the Ohio Power Co.'s installation of a new street lighting system.

RALPH A. FINLEY, reporting for the downtown improvement committee, said the new fluorescent street lights are expected to be in service in time for the holiday shopping season.

Allison said the Junior Chamber of Commerce is arranging an "especially good" parade for Friday, Nov. 29, at 6:30 p.m. to welcome Santa Claus to East Liverpool and launch the gift-buying season. The Junior Chamber and the merchants traditionally co-operate in the Christmas program. The parade will fall the day after Thanksgiving, when the holiday season officially opens.

Allison said the committee is arranging for a huge evergreen to be erected on the Diamond sometime in the week of Nov. 18 to serve as the community's Christmas tree.

FINLEY ALSO reported on the recent installation of signs at E. 3rd St. and Broadway and W. 3rd Sts. to point out the business district to Route 30 travelers. The project cost over \$800, he said.

Finley said the committee is continuing to seek additional off-street parking space. He reported on a meeting with Council in September on the merchants' proposal to establish a "token" system for parking meter fees. Merchants suggested they be given the right to issue tokens to customers, then reimburse the city for any that were used.

G. W. Woods, chairman of the promotion committee, reported on the "Green Tag Days" sale held last Thursday through Saturday. For a first-time promotion, it was considered "successful" by most participating merchants, he said. Tentative plans were made for another "Green Tag Days" sale in the spring.

E. R. Chandler, secretary, reported on the program at the

Chamber's fall dinner meeting Oct. 30, which was arranged by ELMA. The group extended a vote of thanks to John Maheny Jr. of the Ohio State Council of Retail Merchants, who was guest speaker.

MEMBERS DISCUSSED the 1964 budget, indicating it will be increased to help take care of the cost of a greater number of group promotions, plus other increased expenses. The Executive Committee will meet to review the budget.

Plans were discussed to seek additional support of the members in raising funds for the budget, as well as proposals for seeking new members.

Letters were read from the Ohio Chamber and the state merchants' group related to a statewide Farm-City Week Nov. 22-28 and state laws on working rules governing employment of females and minors.

Next meeting is Tuesday, Dec. 3.

The plan is to continue the present youth, home economics and agricultural services, and attempt to meet the other needs in county developments, Johnson said.

'Accidental Suicide' Claimed In Deaths Of Diem, Brother

SAIGON (AP) — South Viet Nam's revolutionary government claimed today President Ngo Dinh Diem and his brother, Ngo Dinh Nhu, committed "accidental suicide" — they

were killed while struggling for a guard's pistol.

The latest official version of the brothers' deaths contradicts widely believed accounts that they were murdered by rebel troops in an armored personnel carrier last Saturday after they surrendered at a Roman Catholic church.

The revolutionary junta announced Saturday that Diem and Nhu, his closest adviser, shot themselves. Today Brig. Gen. Tran Tu Oai, minister of information in the new provisional government, gave this account to a news conference:

After the brothers surrendered, Diem entered the armored car but Nhu protested.

"Why are you using this armored car?" he asked.

A crowd had gathered and began shouting. The rebel officers were afraid that if Diem and Nhu were not spirited away, the mob would lynch them. An army captain tried to push Nhu into the carrier, but Nhu turned around and grabbed the captain's pistol. As they wrestled

for the weapon, the officer managed to drag Nhu into the car. Oai gave no further details but added:

"Their deaths occurred after Nhu took the pistol from the captain."

The bodies have been turned over to relatives for burial. The junta spokesman said. The bodies reportedly have been hidden awaiting burial instructions from another brother, Roman Catholic Archbishop Pierre Martin Ngo Dinh Thuc, who is attending the Vatican Ecumenical Council in Rome.

The junta will not request the extradition of Nhu's widow, who is in the United States.

Virginia Claim To 1st Thanksgiving Noticed

RICHMOND, Va. (AP)—Virginia's claim to the first Thanksgiving has received official notice from a man from Massachusetts—John F. Kennedy.

In his Thanksgiving proclamation Tuesday, President Kennedy said, "Over three centuries ago, our forefathers in Virginia and in Massachusetts far from home in a lonely wilderness set aside a time for thanksgiving."

John J. Wicker Jr. of Richmond, who has waged an almost single-handed campaign for recognition of Virginia's Thanksgiving, expressed delight.

Wicker claims Virginians celebrated Thanksgiving Dec. 4, 1619, more than a year before the Pilgrims landed at Plymouth Rock.

'One-In-A-Million'

Mishap Kills Hunter

BOZEMAN, Mont. (AP)—An explosion of a high velocity rifle cartridge or cartridges killed a Bozeman hunter, Coroner Alexander M. Schmoll said Tuesday. He called it a "one-in-a-million happening."

The body of Victor Vermillion, 25, was found near a deer he apparently had killed and partially cleaned. His rifle was nearby.

The coroner said the cartridges were in Vermillion's shirt pocket.

He added: "As far as we know he was not hit by a rifle slug. Death was from a cartridge explosion. There's definitely no bullet in the man, only fragmentations of the explosion."

Negro Loses Council Race In Georgia Town

OCILLA, Ga. (AP)—The first Negro to seek public office in this south Georgia community lost the race for a City Council seat.

Clarence Davis, 43, owner of a dry-cleaning establishment, was defeated in Tuesday's Democratic primary by John W. Wingate, a furniture dealer and former mayor, 639 votes to 166.

In San Juan, Puerto Rico, the highest temperature ever recorded is 96 degrees and the lowest 62 degrees.

Junior Editors Quiz on WHALES

QUESTION: Why isn't a whale considered a fish?

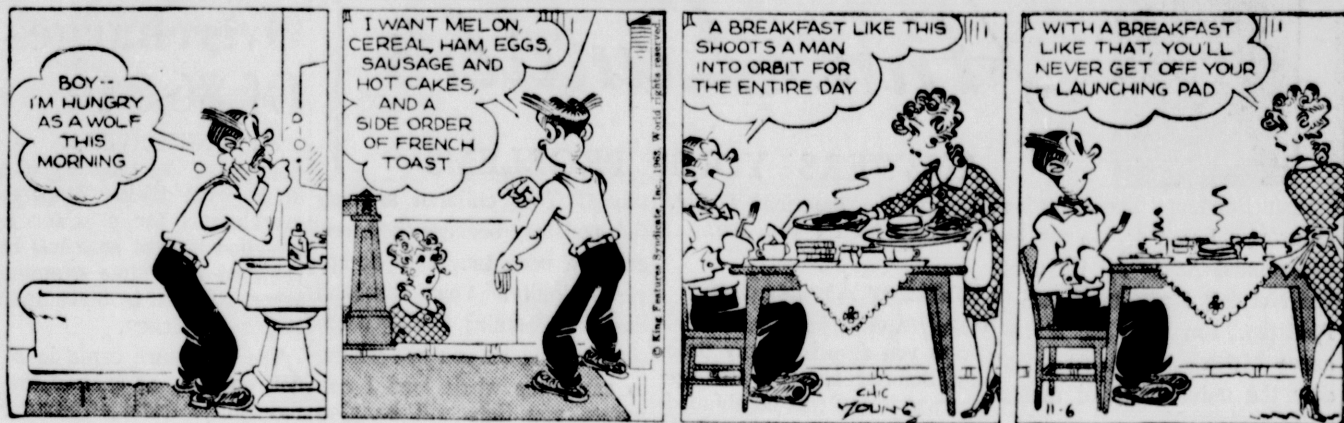

ANSWER: Both fish and whales live in water. With their smooth streamlined bodies, flippers or fins and tails, fish and whales have so many outward points of similarity that even such a famous whaling student as Herman Melville, in his book "Moby Dick," insisted that whales were really a kind of fish.

But we know today that whales are not fish, but belong to the great animal group called "mammals". A fish breathes air by straining it from the water, through his gills. But a whale breathes air directly through his nostrils. He would die, like other mammals, if he remained under water too long. When he dives down, a whale closes his nostrils tight and has an arrangement for holding his breath a long time. Even then he must come to the surface regularly for new air. In the cold-blooded fish, the temperature of their blood changes with the water temperature. But the warm-blooded whale's temperature remains the same. Little fish hatch from eggs; but whale babies are born alive and are nourished on their mother's milk, like other mammals. Notice the difference in tails - the fish tail goes up and down, the whales tail, or fluke, is set across.

FOR YOU TO DO: Compare the skeletons, shown in black in main picture. Both have backbones, but the whale has special ribs to enclose his lungs. Notice that the bones inside the whale's flipper are arranged like fingers. Once he lived on land and walked on legs. There are tiny bits of bone which show where his back legs were.

Richard Nelson of Akron, Ohio, wins today's grand prize of a 20-volume set of World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of The Review and you too may win a set.

ANSWERS YOUR PROBLEMS

Dear Readers: The following letter was forwarded to me by Mohammed Azhar Ali Khan of the Morning News in Karachi, Pakistan. I'm printing it because it demonstrates so pointedly the universality of man's problems.

Dear Ann Landers: I read your column today in the Karachi Morning News and the letter that struck me was written by a 17-year-old boy named David.

You see, I'm 17 years old, and my name is David, also. I have the same problem the American David wrote about. In fact, his description of himself fits me exactly.

I know how he feels when people mistake him on the telephone for his sister or his mother. It is horribly embarrassing, not only for me, but for the person who makes the error.

Like the American David, I, too, hate to speak in the classroom because my voice is so high-pitched. When I make a contrived effort to speak in a lower voice I become tense and my voice becomes even higher.

Could you please send me the address of the American David, Miss Landers? Since we have the same problem perhaps we could help each other. Sincerely yours — ANOTHER DAVID.

Dear David: Thank you for writing. I regret that I cannot do as you ask, for under no circumstances would I put one reader in touch with another through this column. You sound like a fine boy, David, and the American David who wrote sounds like a fine boy, too, but I would not risk introducing people through the mails because sometimes people are not quite as fine as they sound on paper. I hope you noticed my ad-

vice to the American David. It will work for you, too.

Another Awakeing

Dear Ann: I just wrote a letter to you describing my problem. Before sealing the envelope I read it and was dumbfounded. Why? Because I suddenly realized I have read dozens of letters exactly like it — in your column.

Strange how each of us has a blind spot and thinks "I'm different. The rules don't apply to me."

Here is the same tired story: Middle-aged woman — attractive, hungry for the excitement of an affair. Rationalizes that her husband takes her for granted. The years are slipping away — she needs more affection.

A middle-aged man, also married, and in their social crowd, confides that he has been smitten by her for years. His wife is cold and unfriendly. If it weren't for the children he'd get a divorce. How unfortunate that they didn't meet 20 years ago!

After a few months of sneaking around, the Romeo becomes tired of her and suggests they'd better stop seeing each other "for awhile" because his wife is getting wise. So the lady gets the brushoff, plus heartache and humiliation.

I almost believed his lies until I suddenly recognized the familiar ring of my letter. I know now my affair was just like the others — cheap and meaningless.

Perhaps this letter will waken some other middle-aged women who feel the need for excitement. — MY NAME IS LEGION.

Dear Legion: Thanks for a frank and humble letter. I can add nothing.

Confidentially
TO TAKEN ADVANTAGE
OF: Who raised those vege-

tables? Your children are selfish and lazy because they never have been taught to accept responsibility. Your husband has been leaning pretty good, too. So long as you are willing to carry the whole load I can assure you they will be glad to let you do it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Village Due Overcharges Of \$6,876

WASHINGTONVILLE — A finding for the recovery of \$6,876.10 from Walter Rupert as overcharges for a sewer construction project here has been returned in a state examiner's report released by State Auditor Roger W. Tracy.

The disclosure came in a report covering an examination of the village fiscal affairs for a period extending from May 8, 1960, through July 31, 1962. The overcharge cited by the examiner was based upon the contractor's estimate of earth moved, showing 6,251 cubic yards of excavation in excess of the engineer's work sheets, at

the contract price of \$1.10 per cubic yard.

Commenting upon the contractor's claim for additional compensation because of extra excavation required for the open-cut trench operation, and a verbal agreement reached with village officials altering the original contract, the examiner said, in part:

"All alterations and modifications to an existing written contract should be made only in the manner provided by law and not by oral agreement. . .

"We find no written agreement or supplemental contract providing for additional work and excavation in excess of that shown by the engineer's work sheets of actual excavation made.

"Our examination reveals an overcharge . . . of 6,251 cubic yards which, at the contract

price of \$1.10 per cubic yard, amounts to \$6,876.10."

The examiner recommended that since there is a \$8,709 retained balance due the contractor, the amount of the finding be deducted from the unpaid balance.

Mental Health Clinic Delays Appointments

LISBON — Several inquiries have been received at the new Columbiana County Mental Health Clinic the past two days but no appointments will be made until next week.

Active operations will await arrival of filing cabinets and other necessary equipment, according to Dr. Jekabs Knezinskas, director.

The clinic is at 339 E. Lincoln Way and the phone number is 424-7211.

Fencepost Chewer
PIERRE, S.D. — The Highway Department would like this question answered: What's small, burrows in the ground and craves salt? Something answering that description has been chewing off fenceposts along a new interstate highway project.

Statisticians estimate that the earth contains 6,586 quintillion tons of matter.
